Overview MHeNs / EURON Educational PhD programme 2015

2015	Course/workshop/event	Location/organizer(s)	Description	Faculty staff MHeNS and partners involved	Number of participants	ECTS
April 15th, 2015	9th MHeNs Translational Neuroscience Workshop: “When the brain is under attack: Auto-antibodies and neurotransmitters as key player in neurological and psychiatric diseases”	Maastricht University / P. Martinez, C. Hoffmann, N. Nicolson, N. Senden	-	Speakers: Prof. Jim van Os, Prof. Therese van Amelsvoort, Dr. Pilar Martinez, Dr. Mario Losen,	21 participants	0.5 ECTS
April 20 -23, 2015	MHeNs Course “From Human Neuroanatomy to Psychopathology”	Organization: P. Aalten, B. Rutten, J. Prickaerts, H. Steinbusch, N. Senden Maastricht University / 7th edition	Macroanatomy of the Human Brain: dissection; Microscopy brain structures human, mice and rat; lectures on neurodevelopment, cerebrovasculature, aging and pathology, cognition.	Faculty: P. Aalten, W. Backes, M. van Boxtel, F. Dambacher, P. Hofman, G. Hoogland, D. Hopkins - Dalhousie University, Halifax, Canada, M. Kipp - UK Aachen, B. Kramer, F. van Leeuwen, P. Namsolleck, J. Prickaerts, R. Ravelli, B. Rutten, K. Schruers, H. Steinbusch, Y. Temel, J. Vermeulen, U. Von Rango, C. Yurttas - Ege University, Turkey Invited speaker: Prof. Steven Laureys, MD, PhD, Clinical Professor of Neurology, Coma Science Group, Cyclotron Research Centre, University of Liège, Belgium	23 participants	1.5 ECTS
June 28 - July 3, 2015	Summer Course on Mood Disorders 2015	Villa Finaly, Florence (Italy) Organized by the Universities of Maastricht and Florence Organization: K. Schruers, C. Faravelli	This course is part of the International Master in Affective Neuroscience and the Summer School of Anxiety and Depression. http://affect-neuroscience.org		27 participants	4 ECTS
August 6-8, 2015	2nd Clinical Neuroscience Course: Progress in Deep Brain Stimulation in Movement disorders, Epilepsy and Psychiatric disorders		.This course is organized by members of the European Graduate School of Neuroscience (EURON), Mediterranean Neuroscience Society (MNS), Maastricht University Medical Center, and Ondokuz Mayıs University of Samsun. It is a collaborative effort and members of these organizations are involved in teaching during the course. The aim of this course is to provide an update on the latest developments of DBS in movement disorders, epilepsy and psychiatric disorders. In addition, a state-of-the art DBS surgery in a patient with movement disorder will be demonstrated.	Chairs of educational committee: Assoc. Dr. Ersoy Kocabiçak (Ondokuz Mayıs University) and Prof. Dr. Yasin Temel (Maastricht University).		
September 9 – 11, 2015	ESM Data Analysis Course	Organized by Wolfgang Viechtbauer, Maastricht University.	The purpose of this course is therefore to describe how intensive longitudinal data can be analysed with appropriate mixed-effects models. After a brief introduction to ESM (and related methods) and the data structures that arise from studies using such data collection techniques, we will examine models that can account for the multilevel/hierarchical structure of the data (i.e., repeated observations nested within individuals) http://www.wvbauer.com/doku.php/course_esm		25 participants	1 ECTS
October 5, 2015	17th EURON PhD days 2015	Buitenplaats Vaeshartelt, Maastricht, The Netherlands	Annual Meeting for EURON PhD students: presentations and discussions of ongoing research by Master and PhD students via oral and poster presentations stimulating new research collaborations.	Speakers: Prof. P. Kienlen-Campard - Université catholique de Louvain, Dr. A. Heinzel - UK Aachen, D. Hernaus - Maastricht University, Dr. J. Prickaerts / Dr. J. De Vry - Maastricht University, Prof. J. Mey - Maastricht University, Dr. J. Bogie – Hasselt University Invited speaker: Dr. Namekata, Tokyo Metropolitan Institute of Medical Science, Japan Prof. Dr. Yanai, Tohoku University, Sendai, Japan	78 participants	0.5 ECTS

2015	Course/workshop/event	Location/organizer(s)	Description		Number of participants	ECTS
October 6th, 2015	Annual MHeNs Scientific Research Day	Buitenplaats Vaeshartelt, Maastricht, The Netherlands / H. Steinbusch, MHeNs division leaders	Annual meeting for all members of MHeNs with oral and poster presentations of the research of the three divisions.	Speakers: M. de Vugt, Th. Van Amelsvoort, J. Prickaerts Invited speakers: Michael Yassa, University of California, Irvine Prof. M. Zeegers, Caphri , Maastricht University	140 participants	0.5 ECTS (when having a poster or oral presentation)
October 22-23, 2015	Experience Sampling Method in Psychopathology	Maastricht University / I. Germeys, KU Leuven, Ph. Delespaul, Maastricht University	The Experience Sampling Method (ESM) is a momentary assessment approach designed to measure thoughts, mood, symptoms and contextual information in the flow of daily life. This course aims to give you a full overview of all aspects related to the use of the Experience Sampling Method: background, techniques, questionnaires, statistics, and implementation in your study.		14 participants	No ECTS
