

In the list below it is indicated if a university accepts master's students only. This does not imply that at all other universities differentiate between bachelor's and master's students, and allow master's students to participate in master's courses. For instance, UK universities don't allow exchange students in master's courses.

Under extra information you will find specific information that we have been informed about. Mind: things may change and we cannot be complete!

NON-EU partners:

Country	Available semesters per academic year.	Additional language requirements for exchange students	Extra information
