Introduction

These are the Education and Examination Regulations (MSc-EER’s) 2019-2020 for the Master’s programmes at the School of Business and Economics (SBE) of Maastricht University (UM), as required by Article 7.13 of the Dutch Higher Education and Research Act (WHW). The Education and Examination Regulations 2019-2020 meet the standards laid down in sections 2 and 3 of the aforesaid Article, as well as other standards required by law. These regulations have been approved and adopted for the academic year 2019-2020 by the Board, after advice from the Programme Committee and after consent from the Council of the School of Business and Economics of Maastricht University. The Education and Examination Regulations are published on ‘MySBE Intranet’.

Adoption

These Education and Examination Regulations will take effect on 1 September 2019 and stay in force for the academic year 2019-2020, up to and including 31 August 2020.
PART 1

GENERAL INFORMATION
Chapter I  General provisions

Article 1  Applicability

1. Objective scope
These regulations apply to the education, examinations and exams of the following Master's study programmes at the SBE:
- Master of Science in Business Intelligence and Smart Services (BISS)
- Master of Science in Econometrics and Operations Research (E&OR)
- Master of Science in Economics (EC)
- Master of Science in Economics and Strategy in Emerging Markets (ESEM)
- Master of Science in Financial Economics (FINEC)
- Master of Science in Fiscal Economics (FE)
- Master of Science in Global Supply Chain Management & Change (GSCM&C)
- Master of Science in Human Decision Science (HDS)
- Master of Science in International Business (IB)
- Master of Science in Learning and Development in Organisations (LDO)
and
- Master of Science in Business Research (Research Master) (BR)
- Master of Science in Economic and Financial Research (Research Master) (EFR)
- Master of Science in Accounting (ACC)
- Master of Science in Finance (FIN)
- Master of Science in Management and Innovation (M&I)
- Master of Science in Strategic Marketing (SM)

1 Working title / Without prejudice: as of academic year 2020-2021 pending accreditation

2. Subjective scope
These regulations apply to all students enrolled in education, examinations or exams of the Master’s study programmes of the SBE at Maastricht University in the academic year of 2019-2020.

3. Temporal scope
These regulations are valid for the duration of the academic year of 2019-2020, starting 1 September 2019 and ending 31 August 2020 and are reviewed annually.

4. Authoritative scope
In case of discrepancies with oral or written disclosures either from the SBE Board or from the Board of Examiners regarding the objective scope of these regulations, these regulations shall prevail.

5. Legal scope
These regulations are in compliance and in conformity with, but without prejudice to, the Dutch Higher Education and Research Act (WHW).
Article 2 Definition of terms

For the purpose of these Master Education and Examination Regulations, the following terms are defined as:

**Academic year**: The period from 1 September of a calendar year up to and including 31 August of the following calendar year.

**(The) Act (or the abbreviation WHW)**: the Dutch Higher Education and Scientific Research Act (Wet op het Hoger Onderwijs en Wetenschappelijk Onderzoek, Stb. 1992, 593).

**AWA**: Analytical Writing Assessment, part of the GMAT.

**Board of Admissions**: the board responsible for the assessment of admissibility of prospective students to a study programme.

**Board of Examiners**: the examination board referred to in Articles 7.12, 7.12a and 7.12b of the Act/WHW.

**Course**: a Master’s programme component or educational unit within the meaning of Article 7.3 of the Act/WHW.

**Course assignment**: an assignment that can be used as a substitute for attendance and/or participation requirements.

**Course catalogue**: information concerning the education and the study programmes of the SBE, including a list and description of all courses. Available via the Student Portal.

**Course Coordinator**: the person responsible for developing the content of a course. In this she or he is often assisted by a planning group. During the course, she or he gives guidance to the tutors of the course, resolves problems in the organisation of the course, and coordinates all tasks related to the examination and/or assessment of the course.

**Course manual**: a paper or electronic document outlining the goals and content of a particular course, describing methods of education and examination of that particular course and prescribing particular regulations and guidelines applicable to that particular course.

**Course period**: a temporal unit as defined in the academic calendar, equal to the duration of the educational activities and subsequent examination of a course.

**Credit**: a unit expressed in European Credit Transfer System (ECTS) credits, with one credit equalling 28 hours of study referred to in Article 7.4 of the Act/WHW.

**Double Degree programme (DD)**: an approved combined study programme leading to two certificates from two universities.
**Elective course**: a course within the final Master’s exam freely chosen from the list of elective courses of the relevant study programme.

**Exam**: the overall assessment or the final exam of the Master’s study programme referred to in Article 7.10 of the Act/WHW.

**Examination**: a component of the overall assessment as referred to in Article 7.10 of the Act/WHW.

**Examiner**: the person designated by the Board of Examiners to administer examinations and to determine the results of such examinations.

**GMAT**: the Graduate Management Admission Test, a computer adaptive test which assesses a person's analytical, writing, quantitative, verbal, and reading skills in standard written English in preparation for being admitted into a graduate programme.

**GPA**: abbreviation for Grade Point Average, the weighted average of all final numerical grades of the educational units registered within the study programme.

**GRE**: the Graduate Record Examinations, a computer-based test which assesses a person’s verbal reasoning, quantitative reasoning, analytical writing and critical thinking skills in preparation for being admitted into a graduate programme.

**GSBE**: Graduate School of Business and Economics.

**Internship**: an experience-based opportunity, whereby a student who applied and was accepted receives extracurricular credits for a supervised work experience.

**Maastricht University (UM)**: an institution of higher education according to Article 1.8 sub section 1 of the Act/WHW.

**MSc-EER**: abbreviation for Master of Science Education and Examination Regulations.

**'MySBE Intranet’**: a web-based environment in which students can access and exchange information regarding their studies at Maastricht University and for which a username and password are provided to the student upon enrolment at Maastricht University. Accessible via the Student Portal > UM Launchpad > ‘My SBE Intranet’.

**NVAO**: abbreviation for ‘Nederlands-Vlaamse Accreditatieorganisatie’, (Dutch-Flemish Accreditation Organisation), the quality assurance agency for higher education in the Netherlands and Flanders.

**Open Programme**: deviation from the study programmes as provided in this Education and Examination Regulations will result in a switch from the specific Master’s study programme to the Open programme.

**Programme (or Study programme)**: the Master’s study programmes referred to in Chapter VII, Article 33 of these regulations and referred to in Article 7.3 of the Act/WHW.
Programme Committee: A committee as referred to in article 9.18 of the Act/WHW.

Research Master: a research oriented Master’s study programme representing a study load of 120 credits.

Resit (opportunity)/Re-examination: A resit entails the second opportunity in an academic year for the examination of a course or parts thereof, after prior failing.

SBE: abbreviation for ‘School of Business and Economics’, a faculty of Maastricht University. Officially Maastricht University School of Business and Economics, before 1 September 2009 referred to as the Faculty of Economics and Business Administration of Maastricht University (FEBA).

SBE Board: the faculty board of the SBE referred to in Article 9.12 of the Act/WHW.

Semester: a temporal unit of the academic year, starting 1 September and ending 31 January, or starting 1 February and ending 31 August. Each comprising of two (2) course periods and one (1) skills training (period).

Skills training: an educational unit referred to in Article 7.13 sub section 2 d of the Act/WHW, carried out in, but not limited to, one of the following ways:
- writing a Master’s thesis proposal;
- writing a paper, creating a technological design or performing another written assignment;
- performing a research assignment;
- participating in field work or a field trip;
- completing an internship;
- participating in an activity intended to develop certain skills.

Skills training period: a temporal unit as defined in the academic calendar, equal to the duration of the educational activities and subsequent examination of a skills training.

Specialisation: a combination of courses that students choose before or during their Master’s programme that allows them to specialise within a subdomain of their study programme.

Student: a person registered at the SBE for education and/or examinations and the exam of one of SBE’s study programmes.

‘Student Portal’ : the portal to the digital personal environment of Maastricht University which can be used by the student for administrative purposes, e.g. course registration, for which a username and password are provided to the student upon enrolment at Maastricht University.

Study Abroad/Exchange: an arrangement which allows students to temporarily study in another country at one of the SBE partner institutions.
**Study material:** literature, hardware, software and other sources of information made available to the student for educational purposes.

**Study programme:** a Master’s programme mentioned in Article 33 which consists of a coherent programme of educational units.

**Study year:** a period of time which is composed of two consecutive semesters and that starts (depending on the Master’s study programme) either once or twice a year, on 1 September or on 1 February of an academic year.

**(Master’s) Thesis:** an independently and individually written essay on a graduate academic level and on a particular subject in the domain of the chosen programme or specialisation, as provided by the skills coordinator and/or approved of by the supervisor.

**Tutor:** a person responsible for the supervision of students’ academic work, often operating through tutorials.

The other terms in these Education and Examination Regulations have the meaning conferred to them by law.
Article 3 Aim of the Study programmes

1. Aims
The learning goals of (Master’s) study programmes at the SBE at Maastricht University are that graduates are able:
- to develop insights based on academic knowledge in a self-directed manner;
- to demonstrate an academic attitude;
- to actively engage in the global community in a globally responsible manner;
- to demonstrate excellent interpersonal competences in an international professional setting.
Article 4 Form of the study programmes

Full-time Study programmes
All Master's study programmes at the SBE are offered as full-time study programmes, with the exception of International Business/specialisation Accounting & Control. The duration of the Master's full-time study programmes is one (1) year with the exception of the Master of Science in Business Research and Master of Science in Economic and Financial Research (Research Masters) which take two (2) academic years.

As of 1 September 2014 it is no longer possible to enrol in part-time study programmes with the exception of International Business/specialisation Accounting & Control. Students who started with a part-time study programme prior to 1 September 2014 will be able to finish their study programme. The duration of the Master's part-time study programme is two (2) academic years.

The Master’s study programmes start once a year, in September:
- Master of Science in Business Intelligence and Smart Services;
- Master of Science in Econometrics and Operations Research;
- Master of Science in Economics;
- Master of Science in Economics and Strategy in Emerging Markets
- Master of Science in Global and Supply Chain Management & Change (Campus Venlo);
- Master of Science in Human Decision Science;
- Master of Science in Information and Network Economics;
- Master of Science in Management of Learning, named Learning and Development in Organisations as of September 2019;
- Master of Science in Business Research (Research Master);
- Master of Science in Economic and Financial Research (Research Master).

- Master of Science in Accounting (ACC)*;
- Master of Science in Finance (FIN)*;
- Master of Science in Management and Innovation (M&I)*;
- Master of Science in Strategic Marketing (SM)*.

With the exception of the Master’s study programmes:
- Master of Science in Financial Economics;
- Master of Science in Fiscal Economics;
- Master of Science in International Business.
which start twice a year, in September and in February of the following calendar year.

* Working title / without prejudice; as of academic year 2019-2020 pending accreditation and which will start at least once a year
Article 5 Language and communication

1. Language
Because of the specific educational nature and profile of the SBE study programmes, teaching and examinations are conducted in English for all study programmes, with the exception of the study programme Fiscal Economics and the part-time Master's Degree in International Business/Accounting & Control, for which the education and examinations are partly given in English and partly in Dutch. Some components of the SBE study programmes may be in another official language common in the EU.

2. Communication
The SBE Board, the Board of Examiners and the examiners may use digital communication channels for communications relating to the programme, exam(ination)s, and decisions.
Chapter II  Education and Examination (Requirements)

Article 6 Course and Examination Registration

1. Course
The student is only allowed to participate in a course after he/she has registered for it through the Student Portal before the deadline.
In case a student has not registered in time, participation and results/grades will be declared invalid.

2. Examination
The student is only allowed to participate in an examination after having a valid registration for the examination opportunity (before the applicable deadline).
Upon registration for a course, the student is automatically registered for the first sit examination.
In case a student was given a ‘No Grade’ for the previous examination opportunity, the student always has to register him/herself for the resit examination.

It is the responsibility of the student to check in time whether he/she has a valid registration before the deadline and to register for the examination opportunity or to take action.

In case a student has no valid registration, results/grades will be declared invalid.

3. Deadlines
Students will be timely informed of the respective deadlines, among others by publication on the Student Portal and MySBE Intranet.
Article 7 Prerequisites

1. Prerequisite courses
   Participation in a course and its examination, skills training or other educational units may require students to have passed other courses or skills trainings prior to registration for that particular course, its examination or skills training.

2. Announcement
   Prerequisites for courses, skills trainings or other educational units as mentioned in section 1 of this Article will be announced in the course catalogue.
Article 8 Rules of procedure and conduct during examinations

1. Authority
In the rules of procedure and conduct which are attached to these Education and Examination Regulations the Board of Examiners lays down the rules and guidelines regarding proper conduct with regard to examination and regarding the procedural aspects of examination, including non-compliance with these rules.

2. Non-compliance
The Board of Examiners may decide to regard a student’s non-compliance with the rules of procedure and conduct as irregularities in an examination or part thereof as meant in Article 24 section 1 of these regulations.
Article 9 Examination

1. Examination
Examinations will be conducted orally, in writing, or otherwise as announced in the course catalogue and/or course manual, without prejudice to the Board of Examiners’ competence to determine otherwise in exceptional cases.

2. Written examination
For every written examination, an assessment norm is determined and stated on the examination paper. ‘Written examinations’ also include taking these examinations by computer/digitally.

3. Oral examination
Oral examinations are open to the public, without prejudice to the Board of Examiners’ competence to determine otherwise in exceptional cases or the relevant examiners decide otherwise in a special case or if the student objects to this. For every oral examination an assessment norm is determined and made available by the examiners. An oral examination is given by an examiner in the presence of an assessor (second examiner), unless the board of examiners has decided otherwise.

4. Course assignment
A part of the examination for each course may be course assignments, provided the corresponding assessment norms are included in the course manual.

5. Attendance and Participation requirement
Attendance at and participation in educational activities may be part of an examination when announced along with its assessment norms in the course manual.

6. Written assignments
Rules and guidelines are laid down how to compose a writing assignment as part of the Exam, including possible sanctions Article 27 regarding non-compliance with the rules and guidelines.

7. Invalid examination
If an examination involves irregularities that make it impossible to accurately assess the candidate’s knowledge, insight and skills, the board of examiners may declare the examination invalid for both the examinee and a group of examinees.
Article 10 Assessment and publication of examination results

1. Written examination
   A written examination in any form will be assessed and graded by an examiner appointed by the Board of Examiners.

2. Oral examination
   An oral examination will be assessed and graded by examiners appointed by the Board of Examiners. The student will receive a written transcript of this assessment stating the grade.

3. Scale
   All examinations in the Master’s study programmes are assessed by means of a whole or a half grade on a scale from 0.0 to 10.0 or qualified as a pass/fail in accordance with this Article. Grades are given on a scale from 0.0 to 10.0 in whole grades, half grades or a pass/fail or a ‘No grade’. A grade of 5.5 is considered a pass. The grading scale from 0.0 to 10.0, as applied by the SBE, is to be interpreted as below.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>10.0</td>
<td>Outstanding</td>
</tr>
<tr>
<td>9.0</td>
<td>Very Good</td>
</tr>
<tr>
<td>8.0</td>
<td>Good</td>
</tr>
<tr>
<td>7.0</td>
<td>More than satisfactory</td>
</tr>
<tr>
<td>6.0</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>5.5</td>
<td>Pass</td>
</tr>
<tr>
<td>5.0</td>
<td>Almost satisfactory</td>
</tr>
<tr>
<td>4.0</td>
<td>Unsatisfactory</td>
</tr>
<tr>
<td>3.0</td>
<td>Very unsatisfactory</td>
</tr>
<tr>
<td>2.0</td>
<td>Poor</td>
</tr>
<tr>
<td>1.0</td>
<td>Very poor</td>
</tr>
<tr>
<td>0.0</td>
<td>Fail - Use is at the discretion of the Board of Examiners</td>
</tr>
</tbody>
</table>

Pass    \[ \geq 5.5; \text{ performance at least meets the minimum criteria.} \]
Fail   \[ <5.5; \text{ performance below the minimum criteria.} \]
‘No grade’ \[ \text{Inability to determine result} \]
4. Publication
Official final examination results will be published within fifteen (15) working days after the examination date in the Student Portal.

5. Determination of results
The Board of Examiners determines the results of each examination. Prior to determining the examination results, the Board of Examiners can commence an investigation with relation to one or more items or aspects of the study programme, if and to the extent that the concerning examinations give rise to such investigations.
Article 11 Examination periods and examination dates

1. Examination periods
There are six (6) examination periods in each academic year: one (1) at the end of each course period.

2. Written examination
The written examination concluding a course will be conducted in the examination period at the end of the course period in which the course that is to be examined was taught.

3. Re-examination
A re-examination will be conducted during the course of the same academic year, according to the academic calendar.

4. Location of the examination
Examinations can be held at any of the SBE location(s) or at one of the, by the Board of Examiners, approved locations as published on ‘MySBE Intranet’.
Article 12 Master’s Thesis

1. Master’s Thesis
The Master’s thesis is an independently and individually written essay on a particular subject, which is discussed from a theoretical or theoretical and practical point of view, at a graduate academic level.

Information, procedures and guidelines on the Master’s thesis can be found in two documents, the Thesis Code of Practice (Master and Research Master) and the Master Thesis Guide) which are available on ‘MySBE Intranet’. The Master’s thesis is graded in accordance with the guidelines laid down in these documents. If students get a ‘No grade’ because they did not pass the Master’s thesis within the deadline as mentioned in section 2 of this Article, they are offered a resit in accordance with the rules stated in Article 16.5.

In delivering their Master’s thesis, students have to choose between two options:
1. Regular Thesis as described above; or
2. Internship Thesis

Students can take part in a thesis-internship project. In order to participate in a thesis-internship project, two conditions have to be met: (1) The internship has to be accepted via the Internship Office, and (2) the thesis internship project has to be approved by the thesis internship coordinator and supervisor.

Students participating in this project will need to fulfil the Master’s thesis requirements and deadlines as stated in this Article.

More information regarding the combined thesis-internship project is published on ‘MySBE Intranet’.

2. Deadlines for finishing the Master’s Thesis
Students in the study programmes
- MSc Business Intelligence and Smart Services,
- MSc Economics,
- MSc Financial Economics,
- MSc Fiscal Economics,
- MSc Information and Network Economics,
- MSc International Business,
- MSc Management of Learning (named Learning and Development in Organisations as of September 2019)

have to defend their Master’s thesis by the 31st of August in the same year if they pass the skills training ‘Writing a Master’s thesis proposal’ in skills period 3 of that study year, and by the 31st of January in the following study year, if they pass the skills training ‘Writing a Master’s thesis proposal’ in skills period 6 of a study year. All students registered for the skills training ‘Writing a Master’s thesis proposal’ will be automatically registered for the Master’s thesis and thereby have to meet the deadlines unless they obtain a ‘fail’ for this skills training.

The same rules apply to students of the aforementioned programmes who pass the skills training ‘Writing a Master’s thesis proposal in Service Science’.
Students in the study programme
- MSc Econometrics and Operations Research
have to defend their Master’s thesis by the 31st August in the same year if they pass the
skills trainings ‘Topics in Computational Econometrics’ or ‘Topics in Computational
Actuarial Methods’ or ‘Operations Research Software’ of that study year. All students
registered for one of these skills trainings will be automatically registered for the Master’s
thesis and thereby have to meet the deadline unless they obtain a ‘fail’.

Students in the study programme
- MSc Global Supply Chain Management and Change
have to defend their Master’s thesis by the 31st August in the same year if they pass the
skills training ‘Research Design and Methodology for a Thesis: Global Supply Chain
Management and Change’ in skills period 3 of that study year. All students registered for
‘Research Design and Methodology for a Thesis: Global Supply Chain Management and
Change’ will be automatically registered for the Master’s thesis and thereby have to meet
the deadlines unless they obtain a ‘fail’ for this skills training.

Students in the study programme
- MSc Human Decision Science
have to defend their Master’s thesis by the 31st of August in the same year if they pass
the skills training ‘Writing a Master’s Thesis Proposal: HDS’ in skills period 3 of that study
year, and by the 31st of January in the following study year, if they pass the skills
training ‘Writing a Master’s Thesis Proposal: HDS’ in skills period 6 of a study year. All
students registered for the skills training ‘Research Skills’ will be automatically registered
for the Master’s thesis and thereby have to meet the deadlines unless they obtain a ‘fail’
for this skills training.

For students in the study programmes
- MSc Business Research
- MSc Economic and Financial Research
there is not a strict deadline for defending their Master’s thesis. The skills training
‘Presentation Skills’ is considered the starting point of their thesis project and students
are encouraged to defend their Master’s thesis by the 31st August in the same year.

Exception: Students enrolled in the part-time International Business/specialisation
Accounting & Control programme as outlined in Article 4 and students participating in the
Double Degree programme, in Economics, with l’Université Catholique de Louvain and
who participate in the ‘Writing a Master’s thesis proposal’ skills training at the end of
their first study year of their programme get an extension of the above mentioned
deadlines by seven (7) months.
Students enrolled in the Double Degree programme, in Economics and Financial
Economics, with Universidade Nova Lisboa SBE and participate in the ‘Writing a Master’s
thesis proposal’ skills training in course period 3 get an extension of the above mentioned
deadlines by five (5) months.
Students enrolled in the Double Degree programme, in International Business, with
Queensland University of Technology Business School and participate in the ‘Writing a
Master’s thesis proposal’ skills training in course period 3 get an extension of the above mentioned deadlines by three (3) months.

If students in one of the aforementioned programmes do not defend their Master’s thesis within the stated deadline, the Master’s thesis is graded with a ‘No grade’, unless personal circumstances are acknowledged by the Board of Examiners in accordance with section 3 of this Article.

3. Personal circumstances
Personal circumstances which will result in not meeting the required deadlines and standards for the Master’s thesis, may constitute a precondition for the Board of Examiners to extend the time frame set for the Master’s thesis with a maximum of three (3) months, based on a positive advice from the Student Advisor/Academic Counsellor.

4. Definition
Personal circumstances that may qualify as a precondition mentioned in the previous paragraph are:

A. The student’s illness
In order for the student’s illness to be regarded as the aforementioned precondition:
- the illness must have occurred during the semester/study year in which student wrote the Master’s thesis and which influenced the writing process of the Master’s thesis; and
- the student must have notified the Student Advisor/Academic Counsellor during the illness or within ten (10) working days after recovery from the illness of the cause of failing to pass the Master’s thesis within the regular time frame set for the study programme; and
- the student must have submitted a statement from the attending physician with the date of diagnosis and, if applicable, the date of recovery.

If the student cannot meet the final requirement, the student is required to contact a Student Advisor/Academic Counsellor, a Student Psychologist, or a Student Dean.

B. Extraordinary family circumstances
In order for extraordinary family circumstances to be regarded as the aforementioned precondition:
- the student must have notified the Student Advisor/Academic Counsellor of his/her extraordinary family circumstances as a cause of failing to pass the Master’s thesis within the regular time frame set for the study programme, ten (10) working days prior to or within ten (10) working days after the affected Master’s thesis; and
- the student must have provided proof of the occurrence and nature of the extraordinary family circumstances.

If the student cannot meet the final requirement, he/she needs to contact a Student Advisor/Academic Counsellor, a Student Psychologist, or a Student Dean.

C. The student’s physical, sensorial or other functional disorder
In order for the student’s physical, sensorial or other functional disorder to be regarded as the aforementioned precondition, the student must have reported the physical, sensorial or other functional disorder to a Student Advisor/Academic Counsellor at the
start of his/her studies, or as soon as the physical, sensorial or other functional disorder occurred.

D. The Student’s pregnancy
In order for the student’s pregnancy to be regarded as the aforementioned precondition:
- the student must have reported her pregnancy to a Student Advisor/Academic Counsellor; and
- the student must have submitted a statement from the attending physician or midwife with a confirmation of her pregnancy or a birth certificate.

If the student cannot meet the final requirement she needs to contact a Student Advisor/Academic Counsellor, a Student Psychologist, or a Student Dean.

E. The Student’s administrative activities
In order for the student’s administrative activities to be regarded as the aforementioned precondition the administrative activities as such need to be recognised by law or by the Executive Board of Maastricht University in accordance with the rules governing the, ‘Afstudeerfonds UM’, the graduation fund of Maastricht University.

F. Participation in top-level sport
In order for a student’s sport activities to be regarded as the aforementioned precondition, the top-level sport activities need to be recognized as such and reported to the Student Advisor/Academic Counsellor as soon as possible.
Article 12b Written assignments

In a separate section attached to these Education and Examination Regulations (Appendix I: the Rules of procedure and conduct) the Board of Examiners lays down the rules and guidelines regarding how to compose a writing assignment as a part of the examination, including possible sanctions (Article 24) regarding non-compliance with these rules.

Article 13 Awarding credits

1. Awarding credits
The number of credits representing the full study load of a course, skills training or other educational unit will only be awarded in full. It is not possible to award part of the credits.

2. Requirements
Credits are awarded by decision of the Board of Examiners upon the student’s fulfilment of all requirements of a course or skills training or other educational units by obtaining at least a grade 5.5, before rounding, on a 0.0 to 10.0 scale or a pass on the pass/fail scale.
Article 14 Validity

1. Examination results
In principle, the positive final (overall) results for passed educational units and exemptions, registered in the Student Portal, are valid for an unlimited period. Notwithstanding this, the Board of Examiners may require an additional or replacement examination or examination component for an educational unit within a full-time or part-time Master’s programme which was passed more than three (3) study years ago, or more than for four (4) study years for an educational unit within a Research Master’s programme if the student’s knowledge or insight that was examined is demonstrably outdated or the skills that were examined are demonstrably outdated.

2. Partial examination results
Parts of an educational unit which were passed will remain valid in the academic year in which the partial results are obtained and two (2) more academic years, without prejudice to the competency of the Board of Examiners to extend this period of validity.
Article 15 Right of inspection

1. Right of inspection
The right of inspection comprises that, within ten (10) working days after the publication date of the official grade in the Student Portal, students will be given the opportunity to inspect:
- their assessed written examination or written part of an examination;
- the questions and assignments posed and given within the framework thereof; and
- the norms applicable to the assessment thereof.

2. Executive authority
The course coordinator will provide for the opportunity mentioned in section 1 of this Article and is responsible for a timely announcement of the inspection date, time, location and the registration process.

3. Unforeseen circumstances
Within the given period of time, as stated in section 1, a student will be given a second opportunity to exercise the right of inspection, provided that the student can demonstrate the inability to exercise this right in the first instance due to circumstances beyond the student’s control.

4. Complaints and comments regarding written examinations
(General) Comments regarding written examinations with open and/or closed questions or parts thereof have to be submitted to the course coordinator according to the rules as published in the Student Portal.
Complaints regarding the individual examination have to be submitted in writing during the inspection according to the guidelines communicated by the coordinator.

5. Examinations retention periods
The tasks, results and the assessed work of written examinations have to be filed for at least two (2) years after the result of the examination is determined.
The Master’s thesis and the assessment thereof has to be filed for a period of seven (7) years after the Master’s thesis grade is determined.
Article 16 Resits and Master’s thesis

1. Definition
A resit of an examination entails the second, or in exceptional cases third, opportunity in an academic year for a student to take an examination facilitated for all educational units or parts thereof, unless explicitly excluded as mentioned in the course manual.

2. Frequency
A re-examination occurs with the same frequency as regular examinations throughout the academic year. Students therefore have a first and second (resit) opportunity for all courses during an academic year. For written re-examinations, a timetable will be duly announced.

3. Additional regulations
The course manual may stipulate additional rules with regard to the resit opportunity, including additional chances for parts of the course, which are also considered to be resits.

4. Extra examination opportunity
An extra opportunity for an examination may be permitted by the Board of Examiners, under very strict conditions. The applicable rules and guidelines are published on 'MySBE Intranet.

5. Resit Master’s thesis
If the evaluation of the Master’s thesis and the defence thereof results in an insufficient or a ‘No grade’ (NG), a student gets the opportunity to hand-in and defend a revision of this Master’s thesis within three (3) months after the deadline as described in Article 12. If this results again in an insufficient grade, or if the student fails to hand-in and defend a revision within this time frame, the student has to write a Master's thesis on a new subject, unless personal circumstances are acknowledged by the Board of Examiners in accordance with Article12.3. If the Master’s thesis and defence is graded with a sufficient grade, no resit opportunity will be offered.

6. Final Grade
The highest grade obtained will be considered the final grade.

7. Restriction
It is not allowed to take a resit for an educational unit that is already awarded with a pass or a grade of five and a half (5.5) or higher.

8. No Grade
In case of inability to determine a result, for instance if a student has registered for the examination but has not actually taken the examination or part thereof and did not de-register during the registration period, an examination will be graded with a ‘No Grade’ (NG).
Article 17 Special examination arrangements for disabled students and athletes

1. Applicability
For the purpose of creating equal opportunities regarding examination possibilities, the Board of Examiners may decide to adopt and apply individual examination arrangements suited to the individual situations of the following categories of students:
- Physically or otherwise impaired students;
- Students who have been recognised as top athletes by the NOC-NSF or the Olympic Service Office.

2. Requirements
The student needs to submit a written request in order to be eligible for the appliance of individual examination arrangements as mentioned in section 1 of this Article.

3. Consultation of experts
Before reaching a decision, the Board of Examiners may consult an expert.
Article 18 Exemptions

1. Authority
The Board of Examiners is authorised to grant full exemption from a particular examination, provided that the student can demonstrate the successful completion of substitutable examinations at an institution of higher education other than the SBE or of the acquisition of appropriate skills elsewhere. Students cannot get exempted from partial results.

2. Restriction
In the Master’s exam, a maximum of 13.0 credits of exemptions may be granted. No exemption can be granted for the Master’s thesis.
- Exception Double Degree:
  Double Degree students are allowed to be granted more than 13.0 credits exemptions.
- Exception Research Master’s programmes:
  A maximum of 26.0 credits of exemptions may be granted, though this maximum does not apply for students who switch from a SBE Master’s programme to Business Research (BR) and Economic and Financial Research (EFR) (Research Master). The Board of Examiners will decide on exemption on a case-by-case basis, taking into account the advice of the GSBE Directors and the Master Director on the case at hand. No exemption can be granted for the Master's thesis.

No exemptions will be granted for knowledge that is obtained at another faculty or school during the time the student is excluded from participating in examinations based on committed fraud/plagiarism.

3. Procedure
A request for exemption from a particular examination must be submitted to the Board of Examiners before enrolling as a student with the Master's Programme of the SBE. Along with the request for exemption the student needs to submit the properly validated documentation proving the successful completion of the examination or the acquisition of the skills equivalent to the examination the student requests to be exempted from.

4. Credits
No actual credits will be awarded for the examination from which the student has been granted exemption. The credits awarded to the exempted examination are fictitious and exist for the sole purpose of fulfilling the requirements for the Master's exam only.

5. Grades
No grades will be awarded for the examination from which the student has been granted exemption.

6. Grade Point Average (GPA)
Exemptions do not constitute a part of a student’s GPA.
Article 19 Extracurricular educational units

1. Courses/Skills trainings
Courses/skills trainings taken at another faculty/school of the UM which are not part of a student’s curriculum are extracurricular. One extracurricular course/skills training per period can be taken without approval of the Board of Examiners. Upon approval of the Board of Examiners students can request more extracurricular educational units. These requests will be verified by the Board of Examiners on a case-by-case basis. These credits will be listed on the extracurricular grade transcript.

2. Exchange/Study Abroad
Students can take part in an extracurricular Exchange programme of 18-30 credits. Students have to apply and be accepted in order to participate in an extracurricular Exchange/Study abroad. The credits have to be checked by the International Relationship Office and approved by the Board of Examiners.

3. Internship
Students can take part in an extracurricular Internship of 12-30 credits. Students have to apply and be accepted via the Internship Office in order to participate in an Internship. The credits have to be checked by the Internship Office and approved by the Board of Examiners.

4. Research Project Maastricht (RPM)
Students can take part in an extracurricular (company-specific) Research Project abroad. The Research Project will be listed on the extracurricular grade transcript.

5. Double Degree Programmes
Credits for the Double Degree programmes, on top of the 60 credits for the Master’s programme are extracurricular. Referring to Article 34 of this regulation.

6. International Business - International Triangle Programme
Credits for the International Triangle programme, on top of the 60 credits for the Master’s programme are extracurricular. Referring to Article 34 of this regulation.

Credits for the MGB programme, on top of the 60 credits for the Master’s programme are extracurricular. Referring to Article 34 of this regulation.

More information regarding extracurricular credits is published on 'MySBE Intranet.
Chapter III  
(Final) Exam Requirements

Article 20 Exams

The decision of the Board of Examiners that a student has fulfilled all requirements of the exam means that the student has given evidence of having obtained the general qualities as set out in the aims listed in Article 3 of these regulations and the specific qualities as specified by the descriptions of the specific courses, examinations and skills trainings.
Article 21 Assessment of the Master’s exam

1. Decision
The Board of Examiners determines the result and date of the fulfilment of the exam requirements of the programme by the student as set out in section 2 of this Article.

Prior to determining the result of the exam, the Board of Examiners may conduct their own investigation of the student’s knowledge regarding one or more components or aspects of the programme.

The last day of the month, in which a student has satisfied all obligations will be considered the graduation date.

2. Requirements
To pass the Master’s exam a student must have obtained at least a grade five-and-a-half (5.5), before rounding, on a 0.0 to 10.0 scale, or a pass, for all courses and skills trainings that are part of the study programme of the Master’s exam, with the exception of those courses and skills trainings for which an exemption has been granted.

In addition a student must have a valid registration for the applicable study programme.
Article 22 Master’s Degree and Certificate

1. Degree
A Master of Science Degree is awarded to students who have fulfilled all the requirements of the relevant Master’s programme.

2. Certificate
The Degree certificate and/or the accompanying supplements will state:
- the name of the university.
- the name of the Master’s study programme;
- the educational units of the exam;
- the Degree that is awarded;
- the study programme’s last accreditation date;
- a transcript of the student’s list of grades;
- the passed specialisation, if applicable
- Grade Point Average (GPA).

The Board of Examiners includes a diploma supplement, in accordance with Article 7.11 of the Act/WHW.

3. Signature
The Degree certificate is signed by the Dean of the SBE and by the Chair of the Board of Examiners.

4. The Grade Point Average (GPA)
The Grade Point Average of a Master’s exam equals the weighted average of all final numerical grades on the student’s transcript, including the numerical grades below 5.5 for educational units that were not passed by the student. The weighting is based on the credits of these educational units.

5. Graduation procedure
Students will automatically graduate when the exam requirements are met, the Degree certificate will be issued during the graduation ceremony. Students who are entitled to graduate may ask the Board of Examiners to postpone the graduation in due time. A Degree certificate can only be issued when a student meets all requirements in order to graduate including a valid registration and the payment of the tuition fee. More information regarding the graduation procedure is published on ‘MySBE Intranet.

6. Graduation ceremony
The graduation ceremony of the Degree certificates is open to the public, unless the Board of Examiners decides otherwise.
Article 23 Passing with (highest) distinction/(Summa) Cum Laude

1. General
If a candidate has given evidence of exceptional competence within the study programme, the Board of Examiners may decide to award the degree classification ‘Cum Laude or Summa Cum Laude’ and have this degree classification stated on the Degree certificate.

2. Requirements for passing with distinction/Cum Laude
The Master’s exam (incl. Open programme) is passed with Cum Laude if the candidate has obtained a weighted and not rounded average score of at least 8.0 for all final grades within the Master’s exam on condition that no resit examinations have been taken and no fails or a ‘no grade’ (NG) have been obtained. The minimum requirement for the Master’s thesis is a grade 8.0. The weighting is based on the credits of these educational units.

3. Requirements for passing with highest distinction/Summa Cum Laude
The Master’s exam (incl. Open programme) is passed with Summa Cum Laude if the candidate has obtained a weighted and no rounded average score of at least 9.0 for all final grades within the Master’s exam on condition that no resit examinations have been taken and no fails or a ‘no grade’ (NG) have been obtained. The minimum requirement for the Master’s thesis is a grade 9.0. The weighting is based on the credits of these educational units.

4. Fraud/plagiarism
Students who committed fraud/plagiarism and whose examination is completely or partially declared void or annulled are excluded from the (Summa) Cum Laude degree classification.

5. Exemptions
Any exemptions granted are not taken into account in determining whether the exam is passed with distinction.
The minimum credits required in order to determine whether a Master’s exam is passed with distinction are 47.0 credits. For the Research Master’s exam this minimum number is 78.0 credits.

6. Double Degree and International Network programmes
In order to determine whether a Master’s exam is passed with distinction, students participating in double degree and/or international network programmes need to have fulfilled the requirements for distinction within the SBE part of the programme, taking into account that the credits for this part amounts to at least 47.0 credits.
Chapter IV

Article 24 Fraud (including Plagiarism)

1. Authority
In case of irregularities in an examination or part(s) thereof, preventing the Board of Examiners from assessing the student’s knowledge, or in case of the student committing fraud or plagiarism or creating the opportunity to commit fraud or plagiarism, the Board of Examiners is authorised to impose sanctions upon the student. The Board of Examiners may only decide to impose sanctions after having given the student the opportunity to put forward his/her views on the matter. If fraud is established, this is included in the student’s file.

1.1 The Board of Examiners may impose a sanction if it establishes that a student has committed fraud in any examination or part(s) thereof. Fraud includes but is not limited to a student:
- having any unauthorised aids, texts or notes, unauthorised electronic aids and/or communication devices at his or her disposal;
- having communicated or tried to communicate with fellow students, either verbally or through gesture, without permission from an exam supervisor, examiner, or a member of the Board of Examiners;
- having copied or tried to copy fellow student’s answers, or has given another student the opportunity to copy his/her own answers;
- having posed as someone else or have themselves represented by someone else at the examination;
- having deliberately misled or tried to mislead an exam supervisor/invigilator, an examiner, a corrector or the Board of Examiners with respect to the exam(ination), or has provided an opportunity for them to be misled.

1.2 The Board of Examiners may impose a sanction if it establishes that a student has committed plagiarism in any examination or part(s) thereof. Plagiarism includes but is not limited to a student:
- using or copying his/her personal or other people’s texts, data, ideas or thoughts without adequate reference to the source;
- presenting the structure or central body of thought from others without adequate reference to the source and thus passing it off as his/her own;
- not clearly indicating literal or almost literal quotations in the text, for example via quotation marks or a certain layout;
- paraphrasing the content of his/her own or other people’s texts without adequate reference to the source;
- copying video, audio or test material, software and programme codes from others without adequate reference to the source and thus passing them off as his/her own;
- copying work from fellow students and thus passing it off as his/her own;
- submitting work or assignments acquired from or written by a third party (whether or not for payment) and thus passing them off as his/her own.
2. Sanctions
When fraud or plagiarism has been established by means of section 1 of this Article, the Board of Examiners may reach the decision to impose any of the following sanctions, referred to in Article 7.12b of the Act/WHW, or a combination thereof upon the student:
- a reprimand/official warning;
- complete or partial voidance or annulment of the relevant examination; and
- exclusion from participation or further participation of one or more examinations or exams at the SBE for a period of time to be determined by the Board of Examiners, with a maximum period of one year.

3. Unsuitability (Iudicium Abeundi)
In exceptional circumstances and after carefully weighing the interests at stake, the Board of Examiners may, stating reasons, ask the Dean of the SBE to request that the Executive Board of the UM terminates or denies a student’s registration for a study programme if, through his/her conduct or statements, the student shows that he/she is unsuitable to practice one or more professions for which the programme he/she is enrolled in is training him/her or is unsuitable for the practical preparation for the profession.

If the Dean of the SBE is asked by the Executive Board of the UM for a recommendation on a proposed termination or denial of registration based on the reasons stated in section 1, the Dean will in turn ask for a recommendation from the Board of Examiners. The recommendation to the Dean will be supported by reasons.
Chapter V  Advice and Guidance

Article 25 Progress records

On behalf of the SBE Board, the Education and Exams Office keeps records of examination results. This list is published in the Student Portal. Students registered at the SBE have electronic access to their records.
Article 26 Advice and guidance

The SBE Board appoints Student & Career Counsellors for the purpose of giving advice and guidance to students enrolled in a study programme at the SBE regarding their individual study progress and their possible study options within and outside the study programme.
Chapter VI Final Provisions

Article 27 Amendments

1. Competent authority
Amendments to these regulations are laid down by a separate decision of the SBE Board.

2. General effect
No amendments will be made that apply to the current academic year, unless the proposed amendments in all fairness do not affect the students’ interests.

3. Individual effect
Amendments will not negatively affect a decision, regarding a student, made under the existing regulations, by the Board of Examiners.
Article 28 Announcement

1. Announcement
The SBE Board ensures proper announcement of these regulations, of the rules and guidelines as established by the Board of Examiners and of all amendments to these regulations, rules and guidelines.

2. Availability
Up-to-date digital versions of the regulations, rules and guidelines mentioned in section 1 of this Article will be made available on ‘MySBE Intranet’.
Article 29 Unforeseen circumstances

The Board of Examiners shall decide on cases which are not provided in these regulations. No rights can be derived from decisions, announcements, advices etc. from others than the Board of Examiners if these decisions, announcements, advices etc. are in contradiction or not in accordance with these regulations, unless the Board of Examiners explicitly decides otherwise.
Article 30 Hardship

The Board of Examiners is authorised to deviate from these regulations in individual cases if strict adherence to these regulations would result in inequitable circumstances for the student.
Article 31 Time limit for decisions of the Board of Examiners

1. A decision shall be made within the time limit prescribed by statutory regulation, or, in the absence of such a time limit, within a reasonable period after receipt of the request.

2. The reasonable period, referred to in section 1 of this Article, shall in any event be deemed to have expired when the Board of Examiners has not made a decision or given communication, as referred to in Article 4:14 Awb (Dutch General Administrative Law Act), within eight (8) weeks of receiving the request.

3. If, in the absence of a time limit prescribed by statutory regulation, a decision cannot be made within eight (8) weeks, the Board of Examiners shall inform the student, stating a reasonable time limit for the decision to be made (adjournment).

4. The time limit for making a decision shall be suspended with effect from the day on which the Board of Examiners requests the student/applicant to amplify, in accordance with Article 4:5 Awb, until the day on which the student/applicant has amplified or the time limit set for this purpose expires without having been used.
Article 32 Right of objection and right of appeal

1. Subjects of appeal
Students may lodge an appeal with the UM (Board of Appeal for Examinations) against:
- decisions of the Board of Examiners with regard to the acquisition of credits and the passing of examinations;
- decisions with regard to exemptions as mentioned in Article 18 of these regulations;
- decisions not of a general nature regarding admission, as mentioned in Chapter III of these regulations;
- decisions of the Board of Examiners or of examiners.

2. Legality of decisions
An appeal may be lodged with regard to the legality of a decision by a party involved.

3. Term for lodging appeals
The term for lodging an appeal is six (6) weeks, starting from the date the decision was procedurally correctly announced.

4. Resolution
A party involved can lodge an appeal, by means of a notice of appeal within six (6) weeks after proclaiming the decision of the Board of Examiners or the examiner, with the Complaints Service Point (CSP) for the attention of the Board of Appeal for Examinations. The notice of appeal has to be signed and dated, it should contain the name and address of the applicant. It should also contain the arguments on which the appeal is founded and, if possible, a copy of the decision against which the appeal is directed.

Before deciding on an appeal, the Board of Appeal for Examinations will send the appeal to the body to which the appeal is directed, inviting it to ascertain, in consultation with the concerned party(ies) whether the dispute can be settled. If the appeal is lodged against an examiner, the previous sentence applies to the Board of Examiners. Within three (3) weeks the body concerned informs the Board of Appeal for Examinations in writing of the result of the discussions. If an amicable settlement was not possible, the notice of appeal will be taken up by the Board of Appeal for Examinations.
PART 2

MASTER’S DEGREE PROGRAMMES

&

ADMISSION
Chapter VII

Study programmes

Article 33 Study programmes

1. Credits
A Master of Science exam represents a total study load of 60.0 credits, except for the Master of Science in Business Research and Master of Science in Economic and Financial Research (Research Master): these exams represent a total study load of 120.0 credits.

2. Available study programmes
The following Master’s study programmes are offered by the SBE in Maastricht:
- Master of Science in Business Intelligence and Smart Services (BISS)
- Master of Science in Econometrics and Operations Research (E&OR)
- Master of Science in Economics (EC)
- Master of Science in Economics and Strategy in Emerging Markets (ESEM)
- Master of Science in Financial Economics (FINEC)
- Master of Science in Fiscal Economics (FE)
- Master of Science in Global Supply Chain Management & Change (GSCM&C)
- Master of Science in Human Decision Science (HDS)
- Master of Science in International Business (IB)
- Master of Science in Learning and Development in Organisations (LDO)

- Master of Science in Accounting (ACC)*
- Master of Science in Finance (FIN)*
- Master of Science in Management and Innovation (M&I)*
- Master of Science in Strategic Marketing (SM)*

The following Master’s study programme is offered by the SBE in Venlo:
- Master of Science in Global Supply Chain Management & Change (GSCM&C).

The following Research Master’s study programmes are offered by the SBE in Maastricht:
- Master of Science in Business Research (Research Master) (BR);
- Master of Science in Economic and Financial Research (Research Master) (EFR).

* Working title / without prejudice: as of academic year 2020-2021 pending accreditation
Article 34 Master of Science exam

1. Credits
The Master of Science exam represents a total study load of 60.0 credits. Each exam represents a combination of educational units thus building a cohesive programme in a specific area.
A. Master of Science in Business Intelligence and Smart Services (BISS)
B. Master of Science in Econometrics and Operations Research (E&OR);
C. Master of Science in Economics (EC);
D. Master of Science in Economics and Strategy in Emerging Markets (ESEM)
E. Master of Science in Financial Economics (FINEC);
F. Master of Science in Fiscal Economics (FE);
G. Master of Science in Global Supply Chain Management & Change (GSCM&C);
H. Master of Science in Human Decision Science (HDS)
I. Master of Science in International Business (IB);
J. Master of Science in Learning and Development in Organisations (LDO).

2. Content
The content and detailed structure of the (individual) study programmes are timely announced on 'MySBE Intranet', in the 'Outline study programme', and are included in Appendix IV of these MSc-EER (which forms an integral part of these regulations).

3. Deviation
Deviation from the study programmes as provided in this Article and further detailed in Appendix IV will result in a switch from the specific Master's study programme to the Open programme (see Article 37).

4. Composition Master's programmes

A. Master of Science in Business Intelligence and Smart Services (BISS)
A.1. The Master’s exam for the study programme Master of Science in Business Intelligence and Smart Services:
is composed of two semesters.
These semesters are composed of:
- four (4) compulsory courses of 5.0 credits per course;
- two (2) elective courses of 5.0 credits per course;
- one (1) compulsory Smart Service Innovation Projects of 5.0 credits;
- two (2) compulsory skills training of 5.0 credits; and
- the Master’s thesis of 15.0 credits.
B. Master of Science in Econometrics and Operations Research

- B.1. The Master’s exam Econometrics and Operations Research
- B.2. specialisation Econometrics
  - specialisation Mathematical Economics
  - specialisation Operations Research
- B.3. specialisation Actuarial Sciences

B.1. The Master’s exam for the study programme Master of Science in Econometrics and Operations Research:

The specialisation comprises:
- two (2) compulsory courses of 6.5 credits per course;
- three (3) elective specialisation courses of 6.5 credits per course, to be chosen out of the list of specialisation courses offered in the MSc Econometrics and Operations Research programme;
- one (1) elective course of 6.5 credits;
- one (1) skills training of 4.0 credits to be chosen from the skills trainings offered in the MSc Econometrics and Operations Research programme; and
- the Master’s thesis of 17.0 credits.

B.2. The Master’s exam for the study programme Master of Science in Econometrics and Operations Research:

- specialisation Econometrics;
- specialisation Mathematical Economics; and
- specialisation Operations Research;

These specialisations are composed of:
- two (2) compulsory courses of 6.5 credits per course common to all specialisations;
- three (3) compulsory specialisation courses of 6.5 credits per course which are specific for each specialisation;
- one (1) elective course of 6.5 credits per course;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits.

B.3. The Master’s exam for the study programme Master of Science in Econometrics and Operations Research:

- specialisation Actuarial Sciences

The specialisation comprises:
- two (2) compulsory courses of 6.5 credits per course common to all specialisations;
- four (4) compulsory specialisation courses of 6.5 credits per course which are specific for the specialisation;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits.
C. Master of Science in Economics

- C.1. The Master’s exam Economics
- C.2. specialisation Global Challenges and Macroeconomic Policy
  specialisation Market Regulation and Design
- C.3. specialisation Education and Labour Economics

C.1. The Master’s exam for the study programme Master of Science in Economics:

is composed of two semesters. A specialisation comprises:
- three (3) compulsory courses of 5.0 credits per course common to all specialisations;
- three (3) elective courses of 5.0 credits per course to be chosen out of the list of specialisation courses offered within MSc Economics;
- one (1) project of 5.0 credits;
- one (1) individual competence development trajectories of 5.0 credits;
- one (1) compulsory skills training of 5.0 credits; and
- the Master’s thesis of 15.0 credits.

C.2. The Master’s exam for the study programme Master of Science in Economics:

- specialisation Global Challenges and Macroeconomic Policy;
- specialisation Market Regulation and Design;

is composed of two semesters. A specialisation comprises:
- four (4) compulsory courses of 5.0 credits per course of which are three common to all specialisations;
- two (2) compulsory specialisation courses of 5.0 credits per course which are specific for each specialisation;
- one (1) project of 5.0 credits;
- one (1) individual competence development trajectories of 5.0 credits;
- one (1) compulsory skills training of 5.0 credits; and
- the Master’s thesis of 15.0 credits.

C.3. The Master’s exam for the study programme Master of Science in Economics:

- specialisation Education and Labour Economics;

is composed of two semesters. A specialisation comprises:
- three (3) compulsory courses of 5.0 credits per course common to all specialisations;
- three (3) compulsory specialisation courses of 6.5 credits per course which are specific for the specialisation;
- one (1) project of 5.0 credits;
- one (1) individual competence development trajectories of 5.0 credits;
- one (1) compulsory skills training of 5.0 credits; and
- the Master’s thesis of 15.0 credits.
D. Master of Science in Economics and Strategy in Emerging Markets (ESEM)

D.1. The Master's exam for the study programme Master of Science in Economics and Strategy in Emerging Markets is composed of two semesters. These semesters are composed of:
- four (4) compulsory courses of 5.0 credits per course;
- two (2) elective courses of 5.0 credits per course;
- one (1) project of 5.0 credits;
- one (1) compulsory study coaching trajectory of 5.0 credits;
- one (1) compulsory skills training of 2.5 credits; and
- the Master's thesis of 17.5 credits.

E. Master of Science in Financial Economics

- E.1. The Master’s exam Financial Economics
- E.2. specialisation Asset Pricing
  - specialisation Banking
  - specialisation Financial Analysis

E.1. The Master’s exam for the study programme in Master of Science in Financial Economics:
- is composed of two semesters. The specialisation comprises:
  - three (3) compulsory courses of 6.5 credits per course common to all specialisations;
  - three (3) elective courses (amongst them one (1) integration course) of 6.5 credits per course, to be chosen out of the list of specialisation courses offered within the MSc Financial Economics;
  - one (1) skills training of 4.0 credits; and
  - the Master’s thesis of 17.0 credits.

E.2. The Master’s exam for the study programme in Master of Science in Financial Economics:
- specialisation Asset Pricing;
- specialisation Banking;
- specialisation Financial Analysis;
- is composed of two semesters. The specialisations have:
  - three (3) compulsory courses of 6.5 credits per course common to all specialisations;
  - two (2) compulsory specialisation courses (amongst them one (1) integration course), which are specific to that specialisation, of 6.5 credits per course;
  - one (1) elective course of 6.5 credits per course;
  - one (1) compulsory skills training of 4.0 credits; and
  - the Master’s thesis of 17.0 credits.
F. Master of Science in Fiscal Economics
F.1. The Master’s exam for the study programme in Master of Science in Fiscal Economics is composed of two semesters. The programme comprises:
- five (5) compulsory courses of 6.5 credits per course;
- two (2) elective courses of 6.5 credits per course;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 10.5 credits.

G. Master of Science in Global Supply Chain Management & Change (Campus Venlo)
G.1. The Master’s exam for the study programme in Global Supply Chain Management & Change is composed of two (2) semesters. The programme comprises:
- six (6) compulsory courses of 6.5 credits per course;
- two (2) skills trainings of 4.0 credits per skills training; and
- the Master’s thesis of 13.0 credits.

H. Master of Science in Human Decision Science
H.1. The Master’s exam for the study programme in Human Decision Science is composed of two semesters. The programme comprises:
- two (2) compulsory courses of 6.0 credits per course;
- two (2) compulsory courses of 6.5 credits per course;
- one (1) integration workshop of 1.0 credit;
- one (1) compulsory skills training of 4.0 credits.;
- elective courses of in total 13.0 credits, and
- the Master’s thesis of 17.0 credits.

I. Master of Science in International Business
I.1. The Master’s exam for the study programme in International Business/: specialisation Accountancy;
- specialisation Controlling;
- specialisation Organisation: Management, Change and Consultancy;
- specialisation Strategic Corporate Finance (previously known as track Finance);
- specialisation Strategy and Innovation;
- specialisation Sustainable Finance;
is composed of two semesters. A programme comprises:
- five (5) compulsory courses of 6.5 credits per course;
- one (1) elective course of 6.5 credits;
- one (1) compulsory skills training of 4.0 credits; and
- the Master's thesis of 17.0 credits.

I.2. The Master’s exam for the study programme in International Business/: specialisation Information Management and Business Intelligence;
- specialisation Marketing - Finance;
- specialisation Strategic Marketing;
specialisation Supply Chain Management;
is composed of two semesters. A programme comprises:
- six (6) compulsory courses of 6.5 credits per course;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits.

I.3. The Master's exam for the study programme in International Business/:
- specialisation Entrepreneurship and SME Management;
is composed of two semesters. The programme comprises:
- three (3) compulsory courses of 6.5 credits per course;
- two (2) compulsory courses of 5.0 credits per course;
- one (1) elective course of 6.5 credits;
- one (1) compulsory skills training of 7.0 credits; and
- the Master's thesis of 17.0 credits (including one (1) skills training ‘Writing a Master’s thesis proposal’ of 4.0 credits).

I.4. The Master’s exam for the part-time study programme in International Business/:
- specialisation Accounting & Control;
is composed of four semesters. The programme comprises:
- six (6) compulsory courses of 6.5 credits per course;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits.
Students may follow only one (1) course per course period.

J. Master of Science in Learning and Development in Organisations
J.1. The Master's exam for the full-time study programme in Learning and Development in Organisations is composed of two semesters. The programme comprises:
- six (6) compulsory courses of 6.5 credits per course;
- one (1) study coaching trajectory of 4.0 credits; and
- the Master’s thesis of 17.0 credits (including one (1) skills training ‘Writing a Master’s thesis proposal’ of 4.0 credits).
5. Composition Double Degree programmes

A Double Degree programme is an approved combination of two study programmes leading to a Master's degree at the SBE and a degree at a partner university.

The conditions for admission and participation, content, detailed structure and other information of the Double Degree study programmes are timely announced on 'MySBE Intranet'.

Note: ‘Incoming’ students fulfilling the admission requirements from the partner university and accepted to the applicable Double Degree programme by the partner university and the SBE, are considered to have met the admission requirements referred to in Article 38.

Double Degree programmes are offered within the study programmes:
- **C.** Master of Science in Economics;
- **E.** Master of Science in Financial Economics;
- **I.** Master of Science in International Business.

**C. Master of Science in Economics**
- C.1 Double Degree programme with l'Université Catholique de Louvain, Belgium;
- C.2 Double Degree programme with Universidade Nova de Lisboa SBE, Portugal.

**Important**
The Board of Examiners has to approve the course choice of each Double Degree programme student before the start of the programme, after consulting the Master’s Programme Director.

After the Board of Examiners has formally approved a student’s course selection it will no longer be possible to change courses.

The Double Degree student will be assigned, during or before the skills training (‘writing a Master’s thesis proposal’), a Maastricht University SBE thesis supervisor. Maastricht University (SBE) has the authority for the final evaluation of the Master’s thesis.

**C.1 SBE (the Netherlands) – Université Catholique de Louvain (Belgium)**
- The Master’s exam for the Louvain - SBE Double Degree programme consists of the following components:
The programme at the **SBE** comprises:
  - eight (8) compulsory courses of 5.0 credits per course;
  - one (1) project of 5.0 credits;
  - one (1) individual competence development trajectories of 5.0 credits;
  - one (1) compulsory skills training of 5.0 credits; and
  - the Master’s thesis of 15.0 credits, written during student’s study period at l’Université Catholique de Louvain.

70.0 Credits in total will be listed on the final Master’s transcript, of which 10.0 credits will be considered ‘extracurricular’.
C.2 SBE (the Netherlands) – Universidade Nova de Lisboa SBE (Portugal)

The Master’s exam for the Nova Lisboa SBE – SBE Double Degree programme consists of the following components:

The programme at the **SBE** comprises:
- four (4) courses of 6.5 credits per course;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits (47.0 credits in total).

The programme at **Nova de Lisboa SBE** comprises:
- participation in a Nova SBE Work Project in combination with a consultancy project of the Economics Club; and
- Master in Economics courses, as specified and announced on ‘MySBE Intranet’, of 32.0 credits in total, of which a maximum of 13.0 credits will be considered to be curricular and of which 19.0 credits will be listed on the final Master’s transcript as ‘extracurricular’.

Note: the composition is applicable to students who started prior to academic year 2018-2019.

E. Master of Science in Financial Economics
- D.1 Double Degree programme with Universidade Nova de Lisboa SBE, Portugal.

**Important**

The Board of Examiners has to approve the course choice of each Double Degree programme student before the start of the programme, after consulting the Master’s Programme Director.

After the Board of Examiners has formally approved a student’s course selection it will no longer be possible to change courses.

The Double Degree student will be assigned, during or before the skills training (‘writing a Master’s thesis proposal’), a Maastricht University SBE thesis supervisor. Maastricht University (SBE) has the authority for the final evaluation of the Master’s thesis.

E.1 SBE (the Netherlands) – Universidade Nova de Lisboa SBE (Portugal)

The Master’s exam for the Nova Lisboa SBE – SBE Double Degree programme consists of the following components:

The programme at the **SBE** comprises:
- four (4) courses of 6.5 credits per course;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits (47.0 credits in total).

The programme at **Nova de Lisboa SBE** comprises:
- participation in a Nova SBE Work Project; and
- Master in Finance courses, as specified and announced on ‘MySBE Intranet’, of 32.0 credits in total, of which a maximum of 13.0 credits will be considered to be curricular and of which 19.0 credits will be listed on the final Master’s transcript as ‘extracurricular’.

Note: the composition is applicable to students who started prior to academic year 2018-2019.
All students in this programme write their Master’s thesis at Maastricht University. In addition the students are also obliged to defend the Master’s thesis at Universidade Nova Lisboa SBE.

I. Master of Science in International Business

- I.1 Double Degree programme with EDHEC Business School, France;
- I.2 Double Degree programme with Universidade Nova de Lisboa SBE, Portugal;
- I.3 Double Degree programme with Queen’s University, Queen’s Smith School of Business, Canada;
- I.4 Double Degree programme with QUT Business School, Australia.
- I.5 Double Degree programme with Universidad del Desarrollo, Chile

**Important**

The Board of Examiners has to approve the course choice of each Double Degree programme student before the start of the programme, after consulting the Master’s Programme Director. After the Board of Examiners has formally approved a student’s course selection it will no longer be possible to change courses.

The Double Degree student will be assigned, during or before the skills training (‘writing a Master’s thesis proposal’), a Maastricht University SBE thesis supervisor. Maastricht University (SBE) has the authority for the final evaluation of the Master’s thesis.

I.1 SBE (the Netherlands) – EDHEC (École des Hautes Études Commerciales, France)

- **For Outgoing students**

  The Master’s exam for the SBE - EDHEC Double Degree programme consists of the following components:

  For SBE students who followed a *Business Management* related MSc programme at EDHEC (Lille Campus).
  
  The programme at the **SBE** comprises:
  - four (4) courses of 6.5 credits per course;
  - one (1) compulsory skills training of 4.0 credits; and
  - the Master’s thesis of 17.0 credits (47.0 credits in total).

  The programme at **EDHEC** (Lille Campus) comprises:
  - courses within the Business Management programme worth 30.0 credits in total, of which a maximum of 13.0 credits will be considered to be curricular and of which 17.0 credits will be listed on the final Master’s transcript as ‘extracurricular’.
  - Additionally students follow an extracurricular internship at EDHEC worth 15.0 credits.

  For SBE students who followed a *Financial Economics* related MSc programme at EDHEC (Nice Campus).
  
  The programme at the **SBE** comprises:
  - four (4) courses of 6.5 credits per course;
  - one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits (47.0 credits in total).

The programme at EDHEC (Nice Campus) comprises:
- courses within the Financial Economics programme worth 30.0 credits in total, of which a maximum of 13.0 credits will be considered to be curricular and of which 17.0 credits will be listed on the final Master’s transcript as ‘extracurricular’.
- Additionally students follow an extracurricular internship at EDHEC worth 15.0 credits.

- For Incoming students

The Master’s exam for the EDHEC - SBE Double Degree programme consists of the following components:

The programme at the SBE comprises:
- six (6) courses of 6.5 credits per course;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits.

I.2 SBE (the Netherlands) – Universidade Nova de Lisboa SBE (Portugal)

Graduate option: Open Programme.

The Master’s exam for the Nova Lisboa SBE – SBE Double Degree programme consists of the following components:

The programme at the SBE comprises:
- four (4) courses of 6.5 credits per course;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits (47.0 credits in total).

The programme at Nova de Lisboa SBE comprises:
- six (6) Master in Management courses and Professional Development Modules of 32.0 credits in total, of which a maximum of 13.0 credits will be considered to be curricular and of which 19.0 credits will be listed on the final Master’s transcript as ‘extracurricular’;
- a Service Science Factory Project which will be listed on the final Master’s transcript as ‘extracurricular’.

The Double Degree student is obliged to defend the Master’s thesis at Universidade Nova Lisboa SBE.

I.3 SBE (the Netherlands) – Queen’s University, Queen’s Smith School of Business (Canada)

Graduate option: Open Programme.

The Master’s exam for the Queen’s - SBE Double Degree programme consists of the following components:

The programme at the SBE comprises:
- four (4) courses of 6.5 credits per course;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits (47.0 credits in total).

The programme at Queen’s comprises:
- six (6) Master of Business courses of 36.0 credits in total, of which a maximum of 13.0 credits will be considered to be curricular and of which 23.0 credits will be listed as ‘extracurricular’; and
- a Research project of 6.0 credits which will be listed on the final Master’s transcript as ‘extracurricular’.

➢ **For Incoming students**
Queen’s students are not allowed to choose overlapping courses. The students are required to provide the SBE Double Degree coordinator with their course choice for all the courses they will take at SBE one month before the course registration deadline of course period 4.

➢ **For Outgoing students**
The SBE students have to provide the Board of Examiners with their course choice before the start of the Master’s programme.

The Master’s thesis can be written at Maastricht University as well as at Queen’s University.

I.4 SBE (the Netherlands) – Queensland University of Technology, QUT Business School (Australia)

Graduate option: International Business, specialisation Strategic Marketing

The Master’s exam for the QUT – SBE Double Degree programme consists of the following components:

The programme at the **SBE** comprises:
- four (4) courses of 6.5 credits per course;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits (47.0 credits in total).

The programme at **QUT** comprises:
- four (4) Master of Business courses and one (1) project of 45.0 credits in total, of which a maximum of 13.0 credits will be considered to be curricular and of which 32.0 credits will be listed on the final Master’s transcript as ‘extracurricular’.

I.5 SBE (the Netherlands) – Universidad del Desarrollo (Chile)

**Incoming students only**
Graduate option: International Business, specialisation Strategic Corporate Finance

The Master’s exam for the UDD – SBE Double Degree programme consists of the following components:

The programme at the **SBE** comprises:
- five (5) compulsory courses of 6.5 credits per course;
- one (1) elective course of 6.5 credits;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits.
1.6 SBE (the Netherlands) – LUISS - Libera Università Internazionale degli Studi Sociali (Italy)
Graduate option: International Business, specialisation Strategic Corporate Finance
The Master’s exam for the LUISS – SBE Double Degree programme consists of the following components:
The programme at the SBE comprises:
- eight (8) compulsory courses of 6.5 credits per course;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits, written during student’s study abroad at LUISS.
73.0 Credits in total will be listed on the final Master’s transcript, of which 13.0 credits will be considered ‘extracurricular’.
6. Composition International Business - International Triangle programme

The conditions for admission and participation, content, detailed structure and other information of the Triangle programme will be timely announced on 'MySBE Intranet'.

I. Master of Science in International Business

International Triangle programme:

SBE (the Netherlands) in cooperation with:
- Aston Business School (United Kingdom);
- HEC Montréal (Canada);
- Queensland University of Technology, QUT Business School (Australia);
- University of Stellenbosch (South Africa).

Graduate option: Open Programme.

The Master’s Exam for the International Business – International Triangle programme consists of the following components:

The programme at the SBE comprises:
- three (3) compulsory courses of 6.5 credits per course;
- one (1) Service Science Factory project of 6.5 credits;
- one (1) skills training of 4.0 credits; and
- a Master’s thesis of 17.0 credits (47.0 credits in total).

In addition the programme comprises:
- elective courses at two partner institutions, as specified and announced on 'MySBE Intranet', of more than 13.0 credits in total (a maximum of 13.0 credits will be considered to be curricular). The additional credits (on top of the 13.0 credits) obtained at the two partner institutions will be listed on the final Master’s transcript as ‘extracurricular’.

Upon successful completion of the curricular and extracurricular components, the International Triangle certificate will be awarded.

The Triangle student will be assigned an SBE thesis supervisor during or before the skills training 'Writing a Master's thesis proposal' and will start working on their Master's thesis as of the month of February.
6. Composition International Business - 'Master of Global Business' programme

The conditions for admission and participation, content, detailed structure and other information of this tricontinent programme will be timely announced on 'MySBE Intranet'.

I. Master of Science in International Business

Tricontinent programme 'Master of Global Business' (MGB):

SBE (the Netherlands) in cooperation with:
- University of Victoria Gustavson School of Business (Canada) and
- Centrum Graduate Business School / Pontificia Universidad Católica del Peru (Peru).

Graduate option: Open Programme.
The Master’s Exam for the International Business - MGB programme consists of the following components:

The programme at the SBE comprises:
- three (3) compulsory courses of 6.5 credits per course;
- one (1) skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits (40.5 credits in total).

In addition at the SBE:
- two (2) MGB specialisation courses of 6.5 credits per course;
- one (1) MGB specialisation skills training of 2.0 credits (15.0 credits in total).

The programme at University of Victoria Gustavson School of Business comprises:
- five (5) MGB specialisation courses of 14.5 credits in total.

The programme at Centrum Católica comprises:
- four (4) MGB specialisation courses of 15.8 credits in total.

The programme also comprises:
- one (1) cross continent course of 5.8 credits to be followed during the second semester.

The additional credits (on top of the 60 credits) will be listed on de final Master’s transcript as ‘extracurricular’.

Upon successful completion of the curricular and extracurricular components, a certificate signed by the three partner schools will be awarded.

The MGB students will be assigned an SBE thesis supervisor during or before the skills training ‘Writing a Master’s thesis proposal’ and will start working on their Master’s thesis as of the month of December.
Article 35 Master of Science exam (Research Master)

1. Credits
The Master of Science Business Research (BR) and Economic and Financial Research (EFR) (Research Masters) exam represents a total study load of 120.0 credits.
A. Master of Science in Business Research (Research Master) (BR);
B. Master of Science in Economic and Financial Research (Research Master) (EFR).

2. Content
The content and detailed structure of the (individual) study programmes are timely announced on ‘MySBE Intranet’ and are included in Appendix IV of these MSc-EER, which forms an integral part of these regulations.

3. Composition
K. Master of Science in Business Research (Research Master)
K.1. Business Research
The Master of Science exam for the study programme in Business Research is composed of four semesters.
The first two semesters of the programme comprise:
- four (4) compulsory courses of 6.5 credits per course;
- four (4) obligatory business disciplinary courses of 6.5 credits per course; and
- two (2) compulsory skills trainings of 4.0 credits per skills training.
The third and fourth semester consists of:
- one (1) compulsory skills training of 4.0 credits;
- two (2) elective courses of 6.5 credits per course to be chosen out of the list of disciplinary courses;
- one (1) elective course of 6.5 credits; and
- one (1) methodology elective course of 6.5 credits; and
- the Master’s thesis of 30.0 credits.

K.2. Business Research / specialisation Operations Research
The Master of Science exam for the study programme in Business Research / specialisation Operations Research;
is composed of four semesters.
The first two semesters of the programme comprise:
- five (5) compulsory courses of 6.5 credits per course;
- three (3) elective courses of 6.5 credits per course; and
- two (2) compulsory skills trainings of 4.0 credits per skills training.
The third and fourth semester consists of:
- one (1) compulsory skills training of 4.0 credits;
- four (4) elective courses of 6.5 credits per course:
  these courses are offered at the SBE, or at selected universities (abroad) and in joint graduate programmes in which the SBE participates. And
- the Master’s thesis of 30.0 credits.

K.3. Lateral entry
On request, students who have already obtained a Master’s Degree or started a one-year Master’s programme at SBE can be admitted for lateral entry (by the Board of Admission)
and approved a personal programme within the Master of Science in Business Research (by the Board of Examiners). The personal programme takes into account the previous education, but also has to include at least 70.0 credits from the regular Business Research programme, including a Master’s thesis.

L. Master of Science in Economic and Financial Research (Research Master)

L.1. Economic and Financial Research

The Master of Science exam for the study programme in Economic and Financial Research is composed of four semesters.

The first two semesters of the programme comprise:
- eight (8) compulsory courses of 6.5 credits per course; and
- two (2) compulsory skills trainings of 4.0 credits per skills training period.

The third and fourth semester consists of:
- one (1) compulsory skills training of 4.0 credits;
- four (4) elective courses for 26.0 credits:
  - These courses are offered at the SBE, or at selected universities (abroad) and in joint graduate programmes in which the SBE participates. And
- the Master’s thesis of 30.0 credits.

L.2. Economic and Financial Research / specialisation Econometrics

The Master of Science in Economic and Financial Research /
- specialisation Econometrics;

is composed of four semesters.

The first two semesters of the programme comprise:
- four (4) courses of 6.5 credits per course; and
- four (4) elective courses of 6.5 credits per course; and
- two (2) compulsory skills trainings of 4.0 credits per skills training.

The third and fourth semester consists of:
- one (1) compulsory skills training of 4.0 credits;
- four (4) elective courses of 6.5 credits per course:
  - these courses are offered at the SBE, or at selected universities (abroad), and in joint graduate programmes in which the SBE participates. And
- the Master’s thesis of 30.0 credits.

L.3. Lateral entry

On request, students who have already obtained a Master’s Degree or started a one-year Master’s programme at SBE can be admitted for lateral entry (by the Board of Admission) and approved a personal programme within the Master of Science in Economic and Financial Research (by the Board of Examiners). The personal programme takes into account the previous education, but has to include at least 70.0 credits from the regular Economics and Financial Research programme, including a Master’s thesis.
Article 36 Elective Courses

1. Composition

A. Master of Science in Business Intelligence and Smart Services
In order to meet the exam requirements within the available space for elective courses in the Master of Science in the Business Intelligence and Smart Services programmes, students need to choose:
- two (2) elective courses from the list of courses, as provided in the course catalogue of the Business Intelligence and Smart Services programme.

B. Master of Science in Econometrics and Operations Research
In order to meet the exam requirement within the available space for elective courses in the Master of Science in the Econometrics and Operations Research programme, students need to choose:
- four (4) elective courses, of which at least three (3) courses have to be chosen from the list 'Econometrics & Operations Research elective courses' provided in the course catalogue.
In order to meet the exam requirements for a specialisation within the available space for elective courses in the Master of Science in the Econometrics and Operations Research programme, with the exception of the specialisation Actuarial Sciences, students need to choose:
- one (1) elective course from the available Master electives list as provided in the course catalogue.

C. Master of Science in Economics
In order to meet the exam requirements within the available space for elective courses in the Master of Science in Economics programmes, students need to choose:
- three (3) elective courses out of the list of specialisation courses offered within the Master’s in Economics programme, as provided in the course catalogue.

D. Master of Science in Economics and Strategy in Emerging Markets (ESEM)
In order to meet the exam requirements within the available space for elective courses in the Master of Science in the Economics and Strategy in Emerging Markets programme, students need to choose:
- two (2) elective courses from the Economics and Strategy in Emerging Markets electives listed in the course catalogue.

E. Master of Science in Financial Economics
In order to meet the exam requirement within the available space for elective courses in the Master of Science in the Financial Economics programme, students need to choose:
- three (3) elective courses, of which at least one (1) integration course, from the MSc Financial Economics electives list as provided in the course catalogue.
In order to meet the exam requirements for a specialisation within the available space for elective courses in the Master of Science in the Financial Economics programme, students need to choose:
- one (1) elective course from the Financial Economics electives listed in the course catalogue.
F. Master of Science in Fiscal Economics
In order to meet the exam requirements within the available space for elective courses in the Master of Science in the Fiscal Economics programme, students need to choose:
- one (1) elective course from the Law electives list as provided in the course catalogue;
- one (1) elective course from the Economics electives list as provided in the course catalogue.

G. Master of Science in Global Supply Chain Management & Change
There are no elective courses in the Master of Global Supply Chain Management & Change.

H. Master of Science in Human Decision Science
An elective course can be one of the list of Human Decision Science elective courses published on ‘MySBE Intranet’, another Maastricht University course at Master’s level, or a course from another University. The latter two categories need to be in line with the learning objectives of the MSc in Human Decision Science and need approval by the Board of Examiners. Students need at least 60 credits in order to graduate.

I. Master of Science in International Business
In order to meet the exam requirements within the available space for elective courses in the Master of Science in International Business programme:
- specialisation Accountancy;
- specialisation Controlling;
- specialisation Entrepreneurship and SME Management;
- specialisation Organisation: Management, Change and Consultancy;
- specialisation Strategic Corporate Finance (previously known as track Finance);
- specialisation Strategy and Innovation;
- specialisation Sustainable Finance;
students need to choose;
- one (1) elective course from the available Master’s electives list as provided in the course catalogue.

There are no elective courses in the:
Master of Science in International Business programme:
- specialisation Accounting & Control (part-time);
- specialisation Information Management and Business Intelligence;
- specialisation Marketing – Finance;
- specialisation Strategic Marketing;
- specialisation Supply Chain Management.

J. Master of Science in Learning and Development in Organisations
There are no elective courses in the Master of Science in Management of Learning programme.
K. Master of Science in Business Research (Research Master)
In order to meet the exam requirements within the available space for elective courses in the Master of Science in the Business Research programme, students are required to choose:
- four (4) business disciplinary courses related to a specialisation of the International Business master’s programme, as provided in the course catalogue; and
- two (2) elective courses from the list of specialisation courses, as provided in the course catalogue of the Business Research programme; and
- one (1) course from the list of methodology courses; and
- one (1) elective course, from the electives list as provided in the course catalogue.

In order to meet the exam requirements within the available space for elective courses in the Master of Science in the Business Research / specialisation Operations Research programme, students need to choose:
- seven (7) elective courses, freely chosen from the available courses within the SBE (research) master’s curriculum.

Substitution elective course within Research Master programme
An elective course can be provided at the SBE, or at selected universities (abroad) and in joint graduate programmes the SBE participates in.
Provided that the student has obtained approval from the Board of Examiners.
For externally offered courses (i.e. non-SBE), students can obtain a maximum of 30.0 credits in total.

L. Master of Science in Economic and Financial Research (Research Master)
In order to meet the exam requirements within the available space for elective courses in the Master of Science in the Economic and Financial Research programme, students are required to choose:
- four (4) elective courses from the list of elective courses as provided in the course catalogue of the Economic and Financial Research programme.

In order to meet the exam requirements within the available space for elective courses in the Master of Science in the Economic and Financial Research / specialisation Econometrics programme, students need to choose:
- eight (8) elective courses from the electives list, as provided in the course catalogue of the Economics and Financial Research programme.

Substitution elective course within Research Master programme
An elective course can be provided at the SBE, or at selected universities (abroad) and in joint graduate programmes the SBE participates in.
Provided that the student has obtained approval from the Board of Examiners.
For externally offered courses (i.e. non-SBE), students can obtain a maximum of 30.0 credits in total.

2. Substitution
An elective course can be substituted by a course from another Faculty/School than the SBE or another University than Maastricht University, provided that the student has obtained approval from the Board of Examiners prior to the commencement of this
elective course. The Board of Examiners does not accept or assess (prior) approvals that have already been taken and passed at Faculties/Schools or Universities other than the Maastricht University.
**Article 37 Open Programme**

1. **Credits**
   An Open Programme represents a total study load of 60.0 credits if it fits a Master of Science programme, and 120.0 credits if it fits a Master of Science (research master) programme.

2. **Content**
   An Open Programme consists of a Master’s exam with a cohesive programme, built from as many educational units as required to obtain sufficient credits as required by the study programme, for which the student has to obtain approval from the Board of Examiners prior to commencing this programme.

3. **Requirements**
   The Open programme needs to meet the objectives of the programme and terms of consistency. The Board of Examiners will publish the minimum requirements for an Open Programme exam on ‘MySBE Intranet’.
Article 38 Evaluation

The SBE Board is responsible for regular evaluation of the education and study programmes for monitoring purposes and if necessary adjustment of the study load of the study programme. The board will, in any case, take the workload for students into consideration.
Chapter VIII

Admission

Article 39 Admission to the Master’s programmes

Master’s Programmes
△ Master of Science in Accounting (ACC)*;
△ Master of Science in Finance (FIN)*;
△ Master of Science in Management and Innovation (M&I)*;
△ Master of Science in Strategic Marketing (SM)*;
A. Master of Science in Business Intelligence and Smart Services (BISS);
B. Master of Science in Econometrics and Operations Research (E&OR);
C. Master of Science in Economics (EC);
D. Master of Science in Economics and Strategy in Emerging Markets (ESEM);
E. Master of Science in Financial Economics (FIN-EC);
F. Master of Science in Fiscal Economics (FE);
G. Master of Science in Global Supply Chain Management & Change (GSCM&C);
H. Master of Science in Human Decision Science (HDS);
I. Master of Science in International Business (IB)**;

Research Master’s Programmes
K. Master of Science in Business Research (Research Master) (BR);
L. Master of Science in Economic and Financial Research (Research Master) (EFR).

* Working titles / Without prejudice: as of academic year 2020-2021 pending accreditation
** Pending decision: as of academic 2020-2021 it might only be possible to enrol in the International Business programme for students who started prior to September 2020 in order to finish the study programme

1. General
The application deadlines regarding the Master’s programmes for each admission cycle will be announced on the SBE website. The SBE Board appoints a Board of Admissions for each Master’s programme. The Board of Admissions decides for each individual application whether the applicant will be admitted to the Master’s programme.

2. Eligibility
The (specific) prerequisites for enrolment in the Master’s programme of the SBE at Maastricht University are made available on the SBE website.

In order to be eligible for admission a prospective student has to:
- submit the completed application form; and
- submit a copy of a valid passport or ID-card; and
- submit a passport photo; and
- meet the prerequisites regarding the payment details and tuition fee;

and

- meet the prerequisite concerning the previous education.

In addition a prospective student, who needs to be assessed by the Board of Admission, has to:
- write and submit a motivation letter stating why the applicant wishes to study the applicable Master’s programme; and;
- submit a résumé/curriculum vitae;
- provide proof of specific quantitative, verbal and analytical capabilities, e.g. a satisfactory GMAT (or GRE) test score, including an Analytical Writing Assessment (AWA) score, see 39.3.1);
- have met the prerequisite concerning language knowledge, e.g. a TOEFL or IELTS test (minimum scores are yearly published on the website) or NT2;
- be positively assessed by the Board of Admissions.

Note: Applicants for the Master of Science (Research) programmes:
- Business Research; and
- Economic and Financial Research;
also need to
- submit two (2) recommendation letters.

Applicants need to meet the requirements before the start of the Master’s study programme.

3. Specific Admission Requirements

3.1. Requirement concerning quantitative, verbal and analytical capabilities
All applicants, who need to be assessed by the Boards of Admissions, need to provide a satisfactory GMAT test score, including an Analytical Writing Assessment (AWA) score.

The GMAT can also be replaced by the GRE test score. The total score for the GRE is calculated by using a conversion tool (based on Verbal and Quantitative score).

GMAT/GRE test
- if the GMAT score is below a minimum score or the AWA score is below a minimum AWA score, admission is denied;
- if the GMAT score is above the minimum score but below an upper boundary score and the AWA score is above the minimum AWA score, an applicant is additionally evaluated by the Board of Admissions based on motivation, content and study results in previous education;
- if the GMAT score is above the upper score and the AWA score is above the minimum AWA score an applicant might be additionally evaluated by the Board of Admissions based on motivation, content and study results in previous education and on specific knowledge applicable for the programme.

Exceptions:
- MSc Business Intelligence and Smart Services;
- MSc Economics;
- MSc Economics and Strategy in Emerging Markets;
- MSc Global Supply Chain Management and Change;
- MSc International Business.
Specified applicants can decide to submit alternative proof (other than GMAT/GRE) of academic capabilities, consisting of analytical, quantitative and verbal skills:
- **Applicants with a Dutch University’s bachelor’s degree which is not on our list of specific Dutch or Flemish NVAO-accredited study programme;**
- **Applicants with a Dutch HBO bachelor’s degree which is not from Hogeschool Zuyd (including Academic Minor) or Breda University of Applied Sciences (including SBM-programme);**
- **Applicants with an international bachelor’s degree indicated on our list of specific AACSB- or Equis-accredited bachelor’s programmes.**

- **Econometrics and Operations Research:**
  - Applicants with a university Bachelor’s degree in Econometrics or a programme in which a majority of credits is gained by courses in mathematics and statistics, need not provide a GMAT test score.
  - Applicants with a Dutch University’s bachelor’s degree which is not on our list of specific Dutch or Flemish NVAO-accredited study programme;
  - Applicants with a Dutch HBO bachelor’s degree which is not from Hogeschool Zuyd (including Academic Minor) or Breda University of Applied Sciences (including SBM-programme);
  - Applicants with an international bachelor’s degree indicated on our list of specific AACSB- or Equis-accredited bachelor’s programmes.

- **Fiscal Economics:**
  Applicants need not provide a GMAT test score.

- **Learning and Development in Organisations**
  Applicants need to provide proof of specific quantitative, verbal and analytical capabilities (for instance the results of a GMAT test, GRE test, an analytical paper or thesis from the bachelor’s programme).

Annually and in advance the following is published:
- minimum GMAT scores, including AWA score, per study programme; and
- a list of approved Bachelor’s/Master’s Degree programmes, concerning possible ‘GMAT exemption’.
- a document specifying the course requirements per Master’s programme, including a list of approved SBE courses per Master’s programme, of which applicants with a (relevant) University Bachelor’s Degree need to pass at least four (4) courses, concerning a possible ‘GMAT exemption’.

3.2. **English language requirement for foreign diplomas**

a. The holder of a foreign diploma can only register if the requirement for adequate command of the English language is met, with a minimum level equivalent to a 6.5 IELTS (International English Language Testing System) score.

b. The requirement referred to under a. is met if the applicant is in possession of one of the following diplomas or certificates:
  - a diploma from a completed English-language Bachelor's or Master’s degree programme;
  - a diploma from an International or European Baccalaureate, a US high school diploma or UK GCE A levels, or
  - if the applicant has not completed an English-language Bachelor's or Master's degree, but can demonstrate sufficient English language skills on the basis of, for
example, English-taught courses, internship or work experience in an English-speaking environment, or
- if the applicant can demonstrate in another way that he/she meets the language requirement, by means of the following language tests:
  - 6.5 IELTS
  - 575 points TOEFL Paper-based test
  - 90 - 91 points TOEFL Internet test
  - 233 points TOEFL Computer-based test
  - 720 points TOEIC listening and reading and speaking and writing
  - Cambridge (advanced CAE) Grade C (level C2) or
  - equivalent certification;

### 3.3. Bachelor-before-Master rule
The Bachelor-before-Master rule (in Dutch, the so-called ‘harde knip’) applies to all SBE Masters’ programmes.
This means that applicants need to have obtained, and provided proof of, a University Bachelor’s Degree before the start of the Master’s programme.

The Board of Examiners is authorised to deviate from this rule in individual cases if the applicant is not able to show proof of the University Bachelor’s Degree in time due to special circumstances.

### 3.4 Board of Admission
Applicants not being awarded with a degree conform the preparatory SBE Bachelor’s programme are assessed by the relevant Board of Admission regarding their eligibility for admission.

### 4. Specific Admission Requirements per Master’s programme

Pending accreditation, the following new Master’s programmes might start as of academic year 2020-2021:

- **Master of Science in Accounting (ACC)**
- **Master of Science in Finance (FIN)**
- **Master of Science in Management and Innovation (M&I)**
- **Master of Science in Strategic Marketing (SM)**

* working title

**a.1. Admission based on a Preparatory Bachelor’s programme**

Applicants having been awarded the Degree of a Bachelor of Science in Economics and Business Economics, or of a Bachelor of Science in International Business at the SBE, will be admitted to the Master of Science in Accounting/Finance/Management and Innovation/Strategic Marketing programme.

**a.2. Applicants with an Academic Minor (HBO)**

In order to be eligible for admission to the Master of Science in Accounting/Finance/Management and Innovation/Strategic Marketing an applicant needs to fulfil the following requirements:
provide proof of having obtained a(n HBO) Bachelor’s Degree and provide a transcript of exam subjects and grades; and
- provide proof of having successfully completed an academic minor at an institute of higher education based upon an agreement and close cooperation between this institute and the SBE; and
- submit a positive recommendation by their institution, to be received at the end of the HBO programme, and if this recommendation is approved by the Board of Admission of the SBE. If a student does not receive a positive recommendation or if the recommendation is not approved, he/she can only be admitted based on the procedure as described in Article 39.4-Δ-b.

b. Admission by Board of Admissions
In order to be eligible for admission to the Master of Science in Accounting/Finance/Management and Innovation/Strategic Marketing programme, an applicant needs to fulfil the following requirements:

Previous education:
- provide proof of having obtained a University Bachelor’s Degree and provide a transcript of exam subjects and grades;

Additional requirements:
- provide a satisfactory GMAT test score, including an AWA score (see also section 3.1. of this Article).

GMAT exemption is given for:
- Refer to paragraph 3.2.
- Applicants having a University (Bachelor’s and/or Master’s) Degree in a programme at a university from a list of universities and programmes that is yearly decided upon and published on the website of the SBE.
- Applicants with a University Bachelor’s Degree, and providing proof thereof, and who passed at least four (4) of the approved and published courses offered at the SBE.

A. Master of Science in Business Intelligence and Smart Services (BISS)
a.1. Admission based on a Preparatory Bachelor’s programme
Applicants having been awarded the Degree of Bachelor of Science in Econometrics and Operations Research, Economics and Business Economics, International Business at the SBE and Knowledge Engineering at Maastricht University will be admitted to the Master of Science in Business Intelligence and Smart Services.

a.2. Applicants with an Academic Minor (HBO)
In order to be eligible for admission to the Master of Science in Business Intelligence and Smart Services an applicant needs to fulfil the following requirements:
- provide proof of having obtained a(n HBO) Bachelor’s Degree and provide a transcript of exam subjects and grades; and
- provide proof of having successfully completed an academic minor at an institute of higher education based upon an agreement and close cooperation between this institute and the SBE; and
- submit a positive recommendation by their institution, to be received at the end of the HBO programme, and if this recommendation is approved by the Board of
Admission of the SBE. If a student does not receive a positive recommendation or if the recommendation is not approved, he/she can only be admitted based on the procedure as described in Article 39.4-A-b.

b. Admission by Board of Admissions
In order to be eligible for admission to the Master of Science in Business Intelligence and Smart Services programme, an applicant needs to fulfil the following requirements:

Previous education:
- providing proof of having obtained a University Bachelor’s Degree in International Business, Economics, Econometrics, Operations Research, Mathematics, Informatics, Physics or Computer Science;

or
- providing proof, including a transcript of exam subjects and grades, of a University Degree programme in which a majority of credits are gained by courses in a relevant field.

Additional requirements:
- provide a satisfactory GMAT test score, including an AWA score (see also section 3.1. of this Article).

GMAT exemption is given for:
- Refer to paragraph 3.2.
- Applicants having a University (Bachelor’s and/or Master’s) Degree in a programme at a university from a list of universities and programmes that is yearly decided upon and published on the website of the SBE.
- Applicants with a University Bachelor’s Degree, and providing proof thereof, and who passed at least four (4) of the approved and published courses offered at the SBE.

B. Master of Science in Econometrics and Operations Research (E&OR)
a. Admission based on a Preparatory Bachelor’s programme
Applicants having been awarded the Degree of Bachelor of Science in Econometrics and Operations Research at the SBE will be admitted to the Master of Science in Econometrics and Operations Research programme.

b. Admission by Board of Admissions
In order to be eligible for admission to the Master of Science in Econometrics and Operations Research programme, an applicant needs to fulfil the following requirements:

Previous education:
- providing proof of having obtained a University Bachelor’s Degree in Econometrics;

or
- providing proof, including a transcript of exam subjects and grades, of a University Degree programme in which a majority of credits are gained by courses in Mathematics and Statistics;

or
- providing proof of having obtained a University Bachelor’s Degree in a Business, Economics, Liberal Arts or an Engineering programme and providing proof of a satisfactory GMAT test score or GRE test score.
GMAT exemption is given for:
- Refer to paragraph 3.2.
- Applicants having a University (Bachelor’s and/or Master’s) Degree in a programme at a university from a list of universities and programmes that is yearly decided upon and published on the website of the SBE.
- Applicants with a University Bachelor’s Degree in Business, Economics, Liberal Arts or Engineering, and providing proof thereof, and who passed at least four (4) of the approved and published courses offered at the SBE.

C. Master of Science in Economics (EC)

a. Admission based on a Preparatory Bachelor’s programme
Applicants having been awarded the degree of Bachelor of Science in Economics and Business Economics at the SBE will be admitted to the Master of Science in Economics programme.

b. Admission by Board of Admissions
In order to be eligible for admission to the Master of Science in Economics programme, an applicant needs to fulfil the following requirements:
Previous education:
- provide proof of having obtained a University Bachelor’s Degree and provide a transcript of exam subjects and grades;

Additional requirements:
- provide a satisfactory GMAT test score, including an AWA score (see also section 3.1. of this Article):
  o if the GMAT score is above the upper score and the AWA score is above the minimum AWA score an applicant is evaluated based on sufficient knowledge in the field Economics.

GMAT exemption is given for:
- Refer to paragraph 3.2.
- Applicants having a University (Bachelor’s and/or Master’s) Degree in a programme at a university from a list of universities and programmes that is yearly decided upon and published on the website of the SBE.
- Applicants with a University Bachelor’s Degree, and providing proof thereof, and who passed at least four (4) of the approved and published courses offered at the SBE.
- Applicants with a relevant European University Bachelor’s and/or Master’s Degree not listed and published on the website of the SBE, providing proof thereof, and providing a portfolio.

D. Master of Science in Economics and Strategy in Emerging Markets (ESEM)

a. Admission based on a Preparatory Bachelor’s programme
Applicants having been awarded the Degree of Bachelor of Science in Econometrics and Operations Research, Economics and Business Economics, or International Business at the SBE will be admitted to the Master of Science in Economics and Strategy in Emerging Markets.
a.2. Applicants with an Academic Minor (HBO)
In order to be eligible for admission to the Master of Science in Economics and Strategy in Emerging Markets an applicant needs to fulfil the following requirements:
- provide proof of having obtained a(n HBO) Bachelor’s Degree and provide a transcript of exam subjects and grades; and
- provide proof of having successfully completed an academic minor at an institute of higher education based upon an agreement and close cooperation between this institute and the SBE; and
- submit a positive recommendation by their institution, to be received at the end of the HBO programme, and if this recommendation is approved by the Board of Admission of the SBE. If a student does not receive a positive recommendation or if the recommendation is not approved, he/she can only be admitted based on the procedure as described in Article 39.4-D-b.

b. Admission by Board of Admissions
In order to be eligible for admission to the Master of Science in Economics and Strategy in Emerging Markets programme, an applicant needs to fulfil the following requirements:

Previous education:
- providing proof of having obtained a University Bachelor’s Degree in Economics or International Business and provide a transcript of exam subjects and grades.

or
- providing proof, including a transcript of exam subjects and grades, of a University Degree programme in which a majority of credits are gained by courses in a relevant field.

Additional requirements:
- provide a satisfactory GMAT test score, including an AWA score (see also section 3.1. of this Article).

GMAT exemption is given for:
- Refer to paragraph 3.2.
- Applicants having a University (Bachelor’s and/or Master’s) Degree in a programme at a university from a list of universities and programmes that is yearly decided upon and published on the website of the SBE.
- Applicants with a University Bachelor’s Degree, and providing proof thereof, and who passed at least four (4) of the approved and published courses offered at the SBE.

E. Master of Science in Financial Economics (FIN-EC)
a. Admission based on a Preparatory Bachelor’s programme
Applicants having been awarded the Bachelor of Science Degree in Econometrics and Operations Research or in Economics and Business Economics at the SBE will be admitted to the Master of Science in Financial Economics programme.

b. Admission by Board of Admissions
In order to be eligible for admission to the Master of Science in Financial Economics programme, an applicant needs to fulfil the following requirements:

Previous education:
- provide proof of having obtained a University Bachelor’s Degree and provide a transcript of exam subjects and grades;

Additional requirements:
- provide a satisfactory GMAT test score, including an AWA score (see also section 3.1. of this Article):
  - if the GMAT score is above the upper score and the AWA score is above the minimum AWA score an applicant is evaluated based on sufficient knowledge in the fields Finance, Monetary Economics and Econometrics.

GMAT exemption is given for:
- Applicants having a University (Bachelor’s and/or Master’s) Degree in a programme at a university from a list of universities and programmes that is yearly decided upon and published on the website of the SBE.
  In addition, applicants will be evaluated based on motivation, content, study results in previous education and sufficient knowledge in the fields Finance, Monetary Economics and Econometrics.
- Applicants with a University Bachelor’s Degree, and providing proof thereof, and who passed at least four (4) of the approved and published courses offered at the SBE.

F. Master of Science in Fiscal Economics (FE)

a.1. Admission based on a Preparatory Bachelor’s programme

Applicants having been awarded the Degree of Bachelor of Science in Fiscal Economics at the SBE will be admitted to the Master of Science in Fiscal Economics programme.

a.2. Admission based on a Bachelor of Science in Fiscal Law Degree from Maastricht University

In order to be eligible for admission to the Master of Science in Fiscal Economics programme, an applicant needs to fulfil the following requirements:
- provide proof of having obtained a Bachelor’s Degree in Fiscal Law at Maastricht University and providing a transcript of exam subjects and grades; and
- successful completion of the course Financial Markets (EBC2006).

a.3. Admission based on a (Dutch) HBO Bachelor in Fiscal Economics Degree

In order to be eligible for admission to the Master of Science in Fiscal Economics programme, an applicant needs to fulfil the following requirements:
- provide proof of having obtained a(n HBO) Bachelor’s Degree in Fiscal Economics and provide a transcript of exam subjects and grades; and
- a successfully completed prerequisite programme at Maastricht University that has been approved by the Board of Examiners.

b. Admission by Board of Admissions

In order to be eligible for admission to the Master of Science in Fiscal Economics programme, an applicant needs to fulfil the following requirements:

Previous education:
- provide proof of having obtained a Bachelor of Science Degree in Fiscal Economics or a related University Bachelor’s Degree and provide a transcript of exam subjects and grades.
The Board of Admissions evaluates on the basis of sufficient coverage of courses in Economics, Law, and Fiscal Economics courses in the bachelor education, or as part of a successfully completed prerequisite programme at Maastricht University that has been approved by the Board of Examiners.

Additional requirements:
- provide a certificate of the National Exam: Dutch as a Second Language, level 2 (Staatsexamen Nederlands als Tweede Taal, niveau 2), or proof of being a native Dutch speaker.

G. Master of Science in Global Supply Chain Management & Change (GSCM&C) (Campus Venlo)

a.1. Admission based on a Preparatory Bachelor’s programme
Applicants having been awarded the Bachelor of Science in Economics and Business Economics Degree, or Bachelor of Science in International Business Degree at the SBE will be admitted to the Master of Science in Global Supply Chain Management & Change.

a.2. Applicants with an Academic Minor (HBO)
In order to be eligible for admission to the Master of Science in Global Supply Chain Management & Change an applicant needs to fulfil the following requirements:
- provide proof of having obtained a(n HBO) Bachelor’s Degree and provide a transcript of exam subjects and grades; and
- provide proof of having successfully completed an academic minor at an institute of higher education based upon an agreement and close cooperation between this institute and the SBE; and
- submit a positive recommendation by their institution, to be received at the end of the HBO programme, and if this recommendation is approved by the Board of Admission of the SBE. If a student does not receive a positive recommendation or if the recommendation is not approved, he/she can only be admitted based on the procedure as described in Article 39.4-G-b.

a.3. Applicants with an SBE Premaster certificate
In order to be eligible for admission to the Master of Science in International Business an applicant needs to fulfil the following requirements:
- provide proof of having obtained a Bachelor’s Degree at a university of applied science (HBO) in the Netherlands, Belgium or Germany and provide a transcript of exam subjects and grades; and
- provide proof of having successfully completed the premaster programme at SBE, taking into account that the certificate has not been issued longer than two years prior than the date of admission.

b. Admission by Board of Admissions
In order to be eligible for admission to the Master of Science in Global Supply Chain Management & Change, an applicant needs to fulfil the following requirements:
Previous education:
- provide proof of having obtained a University Bachelor’s Degree and provide a transcript of exam subjects and grades.

Additional requirements:
- provide a satisfactory GMAT test score, including an AWA score (see also section 3.1. of this Article).

GMAT exemption is given for:
- Applicants having a University (Bachelor's and/or Master's) Degree in a programme at a university from a list of universities and programmes that is yearly decided upon and published on the website of the SBE.
- Applicants with a University Bachelor’s Degree, and providing proof thereof, and who passed at least four (4) of the approved and published courses offered at the SBE.

GMAT exemption can be given if:
- Refer to paragraph 3.2.
- Applicants have obtained a Bachelor’s Degree at a Dutch University of Applied Sciences in a business or economics programme with a specialisation in closely related fields and with an average grade of 8.0 or higher.

H. Master of Science Human Decision Science (HDS)

a. Admission based on a Preparatory Bachelor’s programme
In order to be eligible for admission to the Master of Science in Human Decision Science programme, an applicant needs to fulfil the following requirements:

Previous education:
- provide proof of having obtained a Bachelor of Science Degree from either the SBE or from the Faculty of Psychology and Neuroscience (FPN) at Maastricht University and provide a transcript of exam subjects and grades.

Additional requirements:
- provide the names of two members from the teaching staff that supervised or taught the applicant during his Bachelor’s programme;
and
- admission by the Board of Admission.

b. Admission by Board of Admissions
In order to be eligible for admission to the Master of Science in Human Decision Science programme, an applicant needs to fulfil the following requirements:

Previous education:
- provide proof of having obtained a University Bachelor’s Degree and provide a transcript of exam subjects and grades; and

Additional requirements:
- provide a satisfactory GMAT test score, including an AWA score (see also section 3.1. of this Article):
  o if the GMAT score is above the upper score and the AWA score is above the minimum AWA score an applicant is additionally evaluated based on motivation, content and study results in previous education.

GMAT exemption is given for:
- Applicants with a University Bachelor’s Degree, and providing proof thereof, and who passed at least four (4) of the approved and published courses offered at the SBE.
I. Master of Science in International Business (IB)

**NOTE:** Pending decision, as of academic 2020-2021 it might only be possible to enrol in the International Business programme for students who started prior to September 2020 in order to finish the study programme.

a.1. Admission based on a Preparatory Bachelor’s programme

Applicants having been awarded the Degree of a Bachelor of Science in Economics and Business Economics, or of a Bachelor of Science in International Business at the SBE, will be admitted to the Master of Science in International Business programme.

a.2. Applicants with an Academic Minor (HBO)

In order to be eligible for admission to the Master of Science in International Business an applicant needs to fulfill the following requirements:
- provide proof of having obtained a(n HBO) Bachelor’s Degree and provide a transcript of exam subjects and grades; and
- provide proof of having successfully completed an academic minor at an institute of higher education based upon an agreement and close cooperation between this institute and the SBE; and
- submit a positive recommendation by their institution, to be received at the end of the HBO programme, and if this recommendation is approved by the Board of Admission of the SBE. If a student does not receive a positive recommendation or if the recommendation is not approved, he/she can only be admitted based on the procedure as described in Article 39.4-J-b.

a.3. Applicants with an SBE Premaster certificate

In order to be eligible for admission to the Master of Science in International Business an applicant needs to fulfill the following requirements:
- provide proof of having obtained a Bachelor’s Degree at a university of applied science (HBO) in the Netherlands, Belgium or Germany and provide a transcript of exam subjects and grades; and
- provide proof of having successfully completed the premaster programme at SBE, taking into account that the certificate has not been issued longer than two years prior to the date of admission.

b. Admission by Board of Admissions

In order to be eligible for admission to the Master of Science in International Business programme, an applicant needs to fulfill the following requirements:

**Previous education:**
- provide proof of having obtained a University Bachelor’s Degree and provide a transcript of exam subjects and grades;

**Additional requirements:**
- provide a satisfactory GMAT test score, including an AWA score (see also section 3.1. of this Article).

GMAT exemption is given for:
- Refer to paragraph 3.2.
- Applicants having a University (Bachelor’s and/or Master’s) Degree in a programme at a university from a list of universities and programmes that is yearly decided upon and published on the website of the SBE.
- Applicants with a University Bachelor’s Degree, and providing proof thereof, and who passed at least four (4) of the approved and published courses offered at the SBE.

**J. Master of Science in Management of Learning and Development in Organisations (LDO)**

*a.1. Admission based on a Preparatory Bachelor’s programme*

Applicants having been awarded the Bachelor’s Degree at SBE will be admitted to the Master of Science in Learning and Development in Organisations programme.

*a.2. Applicants with an Academic Minor (HBO)*

In order to be eligible for admission to the Master of Science in Learning and Development in Organisations an applicant needs to fulfil the following requirements:
- provide proof of having obtained a(n HBO) Bachelor’s Degree and provide a transcript of exam subjects and grades; and
- provide proof of having successfully completed an academic minor at an institute of higher education based upon an agreement and close cooperation between this institute and the SBE; and
- submit a positive recommendation by their institution, to be received at the end of the HBO programme, and if this recommendation is approved by the Board of Admission of the SBE. If a student does not receive a positive recommendation or if the recommendation is not approved, he/she can only be admitted based on the procedure as described in Article 39.4-K-b.

*a.3. Applicants with an SBE Premaster certificate*

In order to be eligible for admission to the Master of Science in Learning and Development in Organisations an applicant needs to fulfil the following requirements:
- provide proof of having obtained a Bachelor’s Degree at a university of applied science (HBO) in the Netherlands, Belgium or Germany and provide a transcript of exam subjects and grades; and
- provide proof of having successfully completed the premaster programme at SBE, taking into account that the certificate has not been issued longer than two years prior to the date of admission.

**b. Admission by Board of Admissions**

In order to be eligible for admission to the Master of Science in Learning and Development in Organisations programme, an applicant needs to fulfil the following requirements:

**Previous education:**
- provide proof of having obtained a University Bachelor’s Degree and provide a transcript of exam subjects and grades; and

**Additional requirements:**
- provide a satisfactory GMAT test score, including an AWA score (see also section 3.1. of this Article); or
- provide proof of quantitative, verbal and analytical capabilities (for instance analytical paper or thesis from a University Bachelor’s programme).

**K. Master of Science in Business Research (Research Master) (BR)**

*a. Admission based on a Preparatory Bachelor’s programme*

Not applicable.

*b. Admission by Board of Admissions*

In order to be eligible for admission to the Master of Science in Business Research, an applicant needs to fulfil the following requirements:

**Previous education:**

- provide proof of having obtained a University Bachelor’s Degree and provide a transcript of exam subjects and grades;

**Additional requirements:**

- submit two (2) recommendation letters; and
- provide a satisfactory GMAT test score, including an AWA score (see also section 3.1. of this Article):
  - if the GMAT score is above the upper score and the AWA score is above the minimum AWA score an applicant is additionally evaluated based on motivation, content and study results in previous education.

GMAT exemption can be given if:

- Applicants have obtained a GPA of at least 7.5 for a Bachelor’s Degree at the SBE, and providing proof thereof.

**L. Master of Science in Economic and Financial Research (Research Master) (EFR)**

*a. Admission based on a Preparatory Bachelor’s programme*

Not applicable.

*b. Admission by Board of Admissions*

In order to be eligible for admission to the Master of Science in Economic and Financial Research, an applicant needs to fulfil the following requirements:

**Previous education:**

- provide proof of having obtained a University Bachelor’s Degree and provide a transcript of exam subjects and grades; and

**Additional requirements:**

- submit two (2) recommendation letters; and
- provide a satisfactory GMAT test score, including an AWA score (see also section 3.1. of this Article):
  - if the GMAT score is above the upper score and the AWA score is above the minimum AWA score an applicant is additionally evaluated based on motivation, content and study results in previous education.

GMAT exemption can be given if:
- Applicants have obtained a GPA of at least 7.5 for a University Bachelor’s Degree at the SBE, and providing proof thereof.
Chapter XI SBE Premaster programme

Article 40 SBE Premaster programme

1. General
An applicant, graduated from a University of Applied Science, as listed on the website, has the possibility of meeting the admission requirements for the Master of Science in International Business, Learning and Development in Organisations or Global Supply Chain Management and Change by successfully completing the SBE Premaster programme.

Since the Premaster programme consists of educational units from the Bachelor’s programmes, the specific regulations and content are listed in the Bachelor’s Education and Examination Regulations, Chapter X.

The Premaster programme is a full-time programme that begins once a year, in February.

2. Admission to the Premaster programme
The procedure and criteria for application to the Premaster programme is published on the website.

The criteria for admission are:
- Certified Bachelor degree (diploma and transcript of exam subjects and grades) from a relevant programme at one of the Universities of Applied Science as listed on the SBE website;
- Proof of requested language proficiency for SBE’s Master programmes.

3. Application Deadline
A request for admission to the Premaster programme needs to be submitted before 1 December of the Academic Year in which the Premaster programme starts.

4. Admission to Master’s programme
Refer to article 39 (of the MSc Education and Examination Regulations).
Appendix I Rules of Procedure and Conduct during examinations

Note: please refer to MySBE for the most recent version

Rules of Procedure and Conduct (version September 2017)

Rules of Procedure and Conduct for Examinations shall apply to provide students equal opportunities and proper conditions for taking examinations.

Section 1  General provisions

Article 1  Applicability
These Rules of Procedure apply to all written examinations administered at locations designated by or on behalf of the Maastricht University faculty or school Board of Examiners offering the examination. Where applicable, supplementary or different regulations may be appended for examinations administered in computer labs or faculty rooms.

Article 2  Definitions
a. Board of Examiners: the Board of Examiners of a faculty or school;
b. Examination Coordinator: the person responsible for scheduling and organising a written examination on the Board of Examiners’ behalf;
c. Head (or other) Invigilator: the person who monitors compliance with the Rules of Procedure at the examination location on the Board of Examiners’ or Faculty Board’s behalf;
d. Examiner: the teacher designated by the Board of Examiners to administer the examination and determine the results.

Section 2  Participation in the examination

Article 3  Proof of identity
1. Only students who are officially enrolled at UM at the time of the examination are permitted to participate in the examination. Students must provide proof of their identity during the examination, preferably by a clearly legible UM Card with an undamaged, recent passport photo bearing a clear resemblance to the holder and which complies with the Digital Passport Photo Guidelines for the UM Card (see Annex 1). Students can also identify themselves by an original, legal ID in the form of a valid:
   - passport; or
   - students from EU/EEA countries: driving licence or state-issued identity card; or
   - Dutch residence permit or in some cases EU residence permit.

The UM Card or legal ID must be placed on the student’s table and be clearly visible.

Copies of IDs will not be accepted as proof of identity.

2. Students who cannot provide a proof of identity during the examination in the prescribed manner will not be permitted to participate in or continue to participate in
the examination, and will be required to leave the examination room at the Head (or other) Invigilator’s instruction.

**Article 4  Right to participate**
1. Students as referred to in Article 3 will be permitted to participate in the examination only if they are entitled to do so under the specific faculty regulations.
2. No student will be admitted into the room where the examination is being administered after the examination has officially begun. Such students will not be entitled to participate in the examination, regardless of the reason for their late arrival.

**Article 5  Instructions**
Students must always follow the instructions of the Examination Coordinator and/or the Head (or other) Invigilator.

**Section 3  Use of examination room**

**Article 6  Arrangement of the room**
1. The examination room will open at least 15 minutes before the examination begins. From the time the examination room is opened, students may enter and take a seat in accordance with the seating plan posted by the room entrance.
2. A seat shall be reserved for each student who has registered for the examination in conformity with the registration procedure.

**Article 7  Personal belongings and other materials**
1. Before the examination starts, coats, bags and other personal belongings must be placed underneath the table or in the place designated by the Head (or other) Invigilator. Bags must be closed. Head coverings are permitted with eyes and ears clearly visible.
2. Materials as referred to in Article 16(c) (such as communication devices and other information carriers) must be switched off and stored in students’ bags. Use of these materials is not permitted during the examination, unless the Board of Examiners has determined otherwise. Students are not permitted to take these unauthorised materials out of their bags until after they leave the examination room.
3. Students are not permitted to wear watches during the examination. Watches must be placed in students’ bags before the examination starts and are not to be taken out until after they leave the examination room.

**Article 8  Leaving the examination room/seat**
1. Students are not permitted to leave the examination room until 30 minutes after the official start of the examination.
2. Students are not permitted to leave the examination room or their seat without the Head (or other) Invigilator’s permission.
Article 9  Disruptive behaviour
1. Students are not permitted to engage in any behaviour that is disruptive to the other students or to the Invigilators or other persons present in the examination room. The Head (or other) Invigilator will judge whether behaviour is disruptive and speak to the student in question.
2. Students are permitted to consume food and drinks they have brought along during the examination provided this is not disruptive to others and they leave the area clean and tidy.
3. If a student creates a serious disruption, the Head (or other) Invigilator may exclude that student from further participation in the examination.

Article 10  Emergencies during the examination
In the event of an emergency, students must follow the instructions of the Invigilators, emergency services (such as the fire brigade) and/or company emergency response workers at the examination venue.

Section 4  Handing in examination

Article 11  Procedure
1. Students are permitted to hand in their examinations to their course Invigilator no earlier than 30 minutes after the examination starts. Students may indicate they wish to hand in their examination in two ways:
   – by raising a hand. The student must remain seated until the Head (or other) Invigilator has removed the examination papers from the student’s table;
   – by taking their examination papers to the Invigilator and handing them in. The Board of Examiners may determine that the examination questions must also be handed in.
2. The Head (or other) Invigilator will announce when there are only 30 minutes remaining until the end of the examination.
3. After students hand in their examinations they must leave the room as quickly and as quietly as possible. Students who have handed in their examinations and left the room will not be permitted to re-enter the room. The Board of Examiners may determine that students must provide proof of identity in conformity with the provisions of Article 3 when handing in their examinations and before they can leave the room.
4. Examination papers must be handed in no later than the official end of the examination or as instructed by the Head (or other) Invigilator. If a student continues writing on their answer form after the examination has officially ended, this may be documented on an Irregularity Report Form.

Section 5  Toilet visits

Article 12  Restrictions; medical necessity
1. Students are permitted a maximum of two toilet visits during two-hour examinations. No toilet visits are permitted during the first and last 30 minutes of the examination.
2. Students are permitted a maximum of three toilet visits during three-hour examinations. No toilet visits are permitted during the first and last 30 minutes of the examination.
3. If due to a medical necessity a student may have to make more than the maximum number of toilet visits permitted during the examination, the student must inform the Head (or other) Invigilator before the examination and present a document from the Board of Examiners or student adviser granting permission for this.

**Article 13  Procedure**

1. Students wishing to leave the examination room temporarily to go to the toilet must request permission from the Head (or other) Invigilator by raising a hand. If permission is granted, the student will receive a toilet pass in exchange for their ID, which will be returned in exchange for the toilet pass upon their return to the examination room.

2. No more than two students (per block) shall be allowed to go to the toilet area at the same time.

3. The Head (or other) Invigilator shall monitor toilet visits by recording the names of students who leave the room to go to the toilet. This information shall be retained by the Board of Examiners for no longer than it takes for any appeals to be decided.

4. Before being permitted to visit the toilet, students will be asked to present the contents of their pockets or the like to verify they are not in possession of any unauthorised materials as referred to in Article 16(c)), having due regard for students’ privacy. If a student refuses to present the full contents of their pockets or the like, an Irregularity Report Form will be drawn up. Article 15.2 shall apply by analogy.

5. Detection devices may be placed in toilet areas to monitor that students do not use communication devices and/or other electronic equipment while the examination is under way.

**Section 6  Completion instructions**

**Article 14  Compliance with completion instructions**

Instructions for completing examination answer forms, questions or booklets shall be included with the forms, questions or booklets in question. If a student fails to follow these instructions, uses materials other those permitted (see Article 16(c)), makes changes to pre-printed information or notes elsewhere on an answer form, it will not be possible to process the answer form and issue an examination result. Students will be held wholly responsible for the consequences of failure to comply with the completion instructions. Any suspected mistakes in the instructions must be reported immediately to the Head (or other) Invigilator.

**Section 7  Suspected fraud and reporting irregularities**

**Article 15  Irregularity Report Form**

1. If a student is suspected of fraud, the Head (or other) Invigilator shall submit a report to the Board of Examiners using an Irregularity Report Form.

2. The irregularity report shall describe in detail the factual situation as witnessed by the Head (or other) Invigilator. The Head (or other) Invigilator may draw up this report in Dutch or English, depending on the language spoken and written by the student. The Head (or other) Invigilator will make sure that the student understands the content of the report. After the student has read and agreed to the content of the Irregularity
Report Form, the Head (or other) Invigilator, the Examiner (if present) and the student shall sign the form. The student is not permitted to add their own statement to the form. If the student does not agree to the content of the report, they may state their disagreement on the form.

**Article 16  Suspected fraud**

Fraud may be suspected in situations where a student:

a. exchanges information with another student or other persons in the examination room in any manner whatsoever before, during or after the examination is administered;

b. exchanges information with another student or other persons in any manner whatsoever before, during or after visiting the toilet during the examination;

c. has unauthorised materials within reach. Unauthorised materials in any case include:
   - forms of identification other than a UM Card or legal ID (see also Article 3);
   - communication devices and/or other electronic equipment (mobile phones, smart watches and the like);
   - other information carriers (calculators, palmtops and the like) other than the authorised materials specified on the front page of the examination;
   - dictionaries, books, texts and notetaking materials (notes can be made on blank pages in the examination booklet or on the scrap paper furnished by the examination administrators) other than the authorised materials specified on the front page of the examination;

d. leaves the room without an Invigilator’s permission;

e. goes to the toilet without an Invigilator’s permission;

f. takes something out of their bag without an Invigilator’s permission;

g. makes any changes to their answer form after the examination has officially ended.

**Article 17  Confiscation of unauthorised materials**

1. If in the Head (or other) Invigilator’s judgment a student has unauthorised materials as referred to in Article 16(c) within reach, the Head (or other) Invigilator may ask to inspect them.

2. The Head (or other) Invigilator shall inform the student of the potential irregularity or fraud observed and confiscate the unauthorised materials. In principle, the student may continue to participate in the examination.

3. If the student objects to the confiscation of unauthorised materials, the Head (or other) Invigilator will record this on an Irregularity Report Form and submit it to the Board of Examiners. To the extent that the confiscated materials cannot serve as evidence of fraud, they shall be returned to the student on a date/at a time to be determined by the Board of Examiners.

4. If a student has written permission from the Board of Examiners to use unauthorised materials during the examination they must inform the Examination Coordinator or Head (or other) Invigilator at the examination venue before the start of the examination and must be able to present a copy of this document.
Section 8  Liability

Article 18  Damage to or loss of property in the examination space
Maastricht University hereby expressly excludes any liability for damage to or loss of property given in custody to or confiscated by the Head (or other) Invigilator.

Section 9  Unforeseen cases

Article 19  Violations
Any violation of these Rules of Procedure shall be documented on an Irregularity Report Form. Article 15.2 shall apply by analogy.

Article 20  Consultation
In cases not provided for in these Rules of Procedure, the Examination Coordinator shall decide the matter in consultation with the Head Invigilator and, if possible, the Examiner or Board of Examiners.

Annex 1

Digital Passport Photo Guidelines for the UM Card:
- The photo is a recent photo of you and bears a clear resemblance to you.
- The photo shows solely your uncovered face.
- Both eyes are visible and clearly recognisable.
- Your head fills the available space as much as possible.
- The photo is in focus.
- The photo is not rotated.
- The dimensions are at least 85 x 113 pixels (width x height: 30 x 40 mm).
- The photo is in JPEG or JPG file format.
- Both colour and black-and-white photos are permitted.

Instructions for taking a digital photo:
- Have someone take a photo of your face using a digital camera. Save the photo as a JPEG or JPG file.
- Scan a passport or other photo of yourself or have someone do this for you. Then save the photo as a JPEG or JPG file.
Appendix II

Transitional Regulations

Article 1 Applicability

1. Context
The Transitional Regulations apply to students who commenced their Master’s programme in the academic year of the cohort, September –Augustus or February, corresponding with the chapter title of these Transitional Regulations. These regulations remain in force for those students only, because the regulations are more favourable for those students. They do not apply to students who commenced their Master’s programme in a later academic year. Students are expected to find out about possible modifications and how these could affect them. Students may contact the Information Desk of the Education Office with any questions, or submit them via SurfYourSelf (SYS).

2. Modifications
If modifications, which are to the detriment of the students, are made to the Education and Examination Regulations during the course of a programme, the Board of Examiners is required to provide an (interim) arrangement in order to prevent them from being disadvantaged. However if a change is made to the regulations that is less favourable for students of an earlier cohort, the new regulations will apply to those students if they were published at least one year before the introduction of the new or changed regulations.

If compulsory courses or components in the education programmes are cancelled, an examination and a resit still have to be offered the upcoming year. If elective courses are cancelled, then no examination or resit will be offered.

3. Subsidiary
Other than the substituted rule, all other rules of the above Master Education and Examination Rules 2019-2020 remain fully applicable.

4. Interpretation of terms
The authority for the interpretation of terms in the first instance is carried by the Board of Examiners.
Chapter II

Article 14 Validity

2. Partial examination results
For partial results, not officially registered in the Student Portal and obtained prior to September 2019.

For transition rules for grades obtained in the academic year 2018-2019 or earlier, please refer to ‘MySBE Intranet’.
Article 18 Exemptions
The following applies to students who started their Master’s programme(s) prior to 1 September 2016 regarding Article 18 Exemptions, paragraph 2. Restrictions.

2. Restriction
In the Master’s exam, a maximum of 13.0 credits of exemptions may be granted. No exemption can be granted for the Master’s thesis.
- Exception Master’s thesis:
  If a student combines two different Master’s programmes (with different CROHO codes) he/she may be allowed to write one extended thesis of 21.0 credits. In that case the mandatory thesis requirements are fulfilled with the successful completion of the extended thesis within both Master’s programmes and the above mentioned exemptions of maximum 13.0 credits applies to one of the two Master’s programmes. The student should request for approval from the Board of Examiners after consulting the thesis supervisor(s).
Chapter VII

Article 34

A. Master of Science in Business Intelligence and Smart Services (BISS)

Students started the programme prior to September 2019 will be able to finish their programme until September 2020.

For the educational units which no longer will be offered as of September 2019 and which students have not completed successfully, a resit option for (all components of) the educational unit will be given until September 2020.
Article 34

C. Master of Science in Economics

Students started the programme prior to September 2018 and registered within one of the previous specialisations will be able to finish their programme in this 'old format' until September 2019.

Previous specialisations:
- specialisation Competition and Regulation;
- specialisation European Economic Policy;
- specialisation Managerial Economics;
- specialisation Global Innovation Economics;
- specialisation Public Economics; and
- specialisation Social Economics;
comprising of:
- two (2) compulsory courses of 6.5 credits per course common to all specialisations;
- three (3) specialisation courses of 6.5 credits per course which are specific for each specialisation;
- one (1) elective course of 6.5 credits;
- one (1) compulsory skills training of 4.0 credits; and
- the Master’s thesis of 17.0 credits.

In case the study takes longer, the following is in place

New courses could serve as substitutes for some of the old ones: the table below shows what course of the new programme could serve as a substitute for a course of the old programme, as a large share of the content would be similar. Note however that given the change in the number of ECTS per course, they would only be partial substitutes. To make up for the missing 1.5 ECTS, a student will be required to do an additional assignment, a paper, or a problem set, in agreement with the course coordinators, the programme leaders and the Board of Examiners. This means that students will be able to follow courses, take exams and resits as they would normally do until 2019/2020. This also holds for students of other programmes who have planned to choose one of the MSc Economics courses as an elective. As also shown in the table, the content of some courses has changed or has been eliminated in the new version of the programme. In that case, the respective departments are able and willing to provide these courses parallel to the new courses.

</tbody>
</table>

Current students (including those who start in February 2018) who want to graduate in the new structure can choose to do so, but will in principle have to follow the entire programme. Upon request by a student and the programme director, Board of examiners might grant an exemption for courses of the new structure (with the table above providing guidance as to where such exemptions might be possible). Further agreement will have to be decided between the programme leaders and the Board of Examiners with respect to the courses for which no exemption can be granted\(^2\). Switching from the old to the new structure may entail some study delay.

\(^1\) This is a special case where the content of the course is partly implemented in a skills course. Adjustments could then be more important than for other cases.

\(^2\) The programme leaders, due to this particular case with no precedent, are willing to consider alternative suggestions on how to provide the best solution for students in this case.
Article 34

F. Master of Science in Fiscal Economics
Students started the programme prior to September 2018 will be able to finish their programme in this 'old format' until September 2019.

In case the study takes longer, the following is in place:

Transfer Pricing and Attribution of Income (TAX4020) could serve as substitute for Transfer Pricing & Tax Reporting (TAX4007)
Article 34

Master of Science in Information and Networks Economics

Students who started this Master's programme prior to September 2018 will still be able to take courses in academic year 2018-2019 in order to graduate. In academic year 2019-2020 it will not be possible to take courses as they no longer will be offered. However in academic year 2019-2020 examinations possibilities will be offered for the course(s) students did not pass prior to September 2019 in order to graduate in this programme.
Appendix III  Change in programme names

Change of names

Master of Science in Economics
- Until 1 September 2012 known as Master of Science in International Economic Studies.
- Until 1 September 2014 known as Master of Science in Economic Studies. Students who graduate after 1 September 2014 will receive the new name on their Master’s Degree.

Master of Science in Information and Network Economics
- Until 1 September 2013 known as Master of Science in Infonomics. Students who graduate after 1 September 2013 will receive the new name on their Master’s Degree.

Master of Science in International Business
- Since 1 September 2017 the track Finance is known as the specialisation Strategic Corporate Finance. This name is mentioned on the grade list of all students graduating after 1 September 2017 within this specialisation (previously track Finance).

Master of Science in Learning and Development in Organisations
- Until 1 September 2019 known as Master of Science in Management of Learning. Students who graduate after 1 September 2019 will receive the new name on their Master’s degree.
Appendix IV  Outline Study Programmes

A. Master's programme Business Intelligence and Smart Services (BISS)
   1. Business Intelligence and Smart Services

B. Master's programme Econometrics and Operations Research (E&OR)
   1. Econometrics and Operations Research
   2. Specialisation: Econometrics
      Specialisation: Mathematical Economics
      Specialisation: Operations Research
   3. Specialisation: Actuarial Sciences

C. Master's programme Economics (EC)
   1. Economics
   2. Specialisation: Global Challenges and Macroeconomic Policy
      Specialisation: Market Regulation and Design

D. Master's programme Economics and Strategy in Emerging Markets (ESEM)

E. Master’s programme Financial Economics (FINEC)
   1. Financial Economics
   2. Specialisation: Asset Pricing
      Specialisation: Banking
      Specialisation: Financial Analysis

F. Master’s programme Fiscal Economics (FE)

G. Master’s programme Global Supply Chain Management & Change (GSCM&C)

H. Master’s programme Human Decision Science (HDS)

I. Master’s programme Information and Network Economics (INE)

J. Master’s programme International Business (IB)
   1. Specialisation: Accountancy
      Specialisation: Controlling
      Specialisation: Organisation Management, Change and Consultancy
      Specialisation: Strategic Corporate Finance
      Specialisation: Strategy and Innovation
      Specialisation: Sustainable Finance
   2. Specialisation: Information Management & Business Intelligence
      Specialisation: Marketing – Finance
      Specialisation: Strategic Marketing
      Specialisation: Supply Chain Management
   3. Specialisation: Entrepreneurship and SME Management
   4. Specialisation: Accounting and Control (part-time)

K. Master’s programme Learning and Development in Organisations (LDO)
L. Master’s programme Business Research (BR)
   1. Specialisation: Business Research
   2. Specialisation: Operations Research

M. Master’s programme Economic and Financial Research
   1. Specialisation: Economic and Financial Research
   2. Specialisation: Econometrics

</tbody>
</table>

* BR students need to choose IB elective courses within the same International Business specialisation

** Advanced Disciplinary Courses have to be chosen within the same discipline

** Advanced Disciplinary courses: Marketing
- Research Methods in Services Marketing (EBC4138) period 1
- Advanced Consumer Behaviour (EBC4137) period 2

** Advanced Disciplinary courses: Organisation & Strategy
- Advanced Research in Organisations (EBC4139) period 1
- Advanced Research in Strategy (EBC4140) period 2

** Advanced Disciplinary courses: Information Management & Accounting
- Advanced Course in Accounting (EBC4132) period 1
- Advanced Course in Information Management (EBC4133) period 2

*** BR students need to choose at least one (1) methodology elective course.

Taking courses not offered by SBE or in deviation from above mentioned outline, requires approval by GSBE and the Board of Examiners.
### K.2 MSc BR 2019-2020  
**specialisation: Operations Research**

#### Start September  
**Year 1**

<table>
<thead>

</tbody>
</table>

**** Students within the BR track Operations Research can choose BR elective courses or EFR specialisation courses and elective courses approved by GSBE, or, after approval, courses offered by the LNMB (Dutch national OR network) courses offered by DKE Master Knowledge Engineering.

Taking courses not offered by the SBE requires approval by GSBE and the Board of Examiners.
L. Research Master's programme Economic and Financial Research 2019-2020

L.1 MSc EFR 2019-2020  
**specialisation: Economic and Financial Research**

Start September: Year 1

<p>| | | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Empirical Econometrics 1 (EBC4184)*</td>
<td>Mathematical Research tools (EBC4182)</td>

<td>Research Strategy (EBC4125)</td>
</tr>
<tr>
<td>6</td>
<td>Experimental economic methods (EBS4026)</td>
<td></td>
</tr>
</tbody>
</table>

The core courses from the first semester are compulsory. Students may choose two out of the four remaining core courses in the second semester and substitute the two others with courses taken from the list of elective courses. Elective courses are provided at the SBE or at selected universities [abroad] and in joint graduate programmes we participate in [such as LNMB]. Taking courses not offered by the SBE requires approval by GSBE and the Board of Examiners.

**Two skills training**

¹ World of Research EFR (EBS4032) is obligatory
² Students can choose between Computational Econometrics (EBS4007) in period 3 or Experimental economic methods (EBS4026) in period 6.

Year 2

Courses from the BR research master can also be taken as electives upon approval by GSBE and the Board of Examiners.
Appendix IVb  Outline Double Degree Programmes

For more information please refer to MySBE.

Double Degree programmes are offered within the study programmes:
- C. Master of Science in Economics;
- E. Master of Science in Financial Economics;
- J. Master of Science in International Business.

C. Master of Science in Economics
- C.1 Double Degree programme with l’Université Catholique de Louvain, Belgium;
- C.2 Double Degree programme with Universidade Nova de Lisboa SBE, Portugal.

D. Master of Science in Financial Economics
- E.1 Double Degree programme with Universidade Nova de Lisboa SBE, Portugal.

I. Master of Science in International Business
- J.1 Double Degree programme with EDHEC Business School, France;
- J.2 Double Degree programme with Universidade Nova de Lisboa SBE, Portugal;
- J.3 Double Degree programme with Queen’s University, Queen’s Smith School of Business, Canada;
- J.4 Double Degree programme with QUT Business School, Australia.
- J.5 Double Degree programme with Universidad del Desarrollo, Chile

Student Portal

https://newstudentportal.maastrichtuniversity.nl/instructions

Examples
Course registration

https://newstudentportal.maastrichtuniversity.nl/instructions/mycourses

Add/remove a course

- Clicking this button opens a selection screen to open the SAP module where the student can execute the wanted action
- Possibility to consult an instruction on how to execute the action in SAP
(De)Registration Examinations

Register exams

- Click "more actions" to reveal all possible exam (de)registration actions. Actions are shown for the courses for which a registration window is open:
  - Empty checkbox = exam not registered.
  - Filled checkbox = exam is registered.

(De)register exams

- Click green icon behind course to change the exam registration:
  - register
  - deregister
Official grades

The official registered (final and partial) results can be viewed via Student Portal > My Courses > Show Results > click the relevant course for the details (final and partial results).

No rights can be derived from preliminary results published by a course coordinator.
Appendix VI

MySBE Intranet

To be reached via Student Portal > My Links (previously UM Launchpad) > MySBE Intranet.

Student A-Z
Here you can find the student A-Z.

A
- Academic Advice and Coaching
- Academic calendar
- Academic Writing Guide
- Accommodation
- Assessment
- ATAM
- Availability

B
- Bachelor’s degree certificate
- Bachelor’s grade trans feet, exam
- Bachelor’s programme
  - Econometrics and Operations Research
  - Economics and Business Economics
  - Fiscal Economics
  - International Business
- Bachelor’s thesis
- Beta Gamma Sigma
- Blue Parking
- Binding Study Advice (BSA)
Appendix VII  Language of Instruction

In the master’s programmes, the language of instruction is English or another language.

The appropriateness of English or another language as language of instruction is determined by the international orientation of the programme in terms of its academic field of study and/or the fact that it prepares students for a specific field of activity or professional career in an international setting.

**Master’s programmes**

The choice for the language of instruction of the programme is in line with the UM Code of Conduct on language in accordance with the Dutch Higher Education and Research Act (WHW) art. 7.2.

Because of the specific educational nature and profile of the programmes, teaching and examinations are conducted in English. This guarantees the quality of education, because:

1. The content of the programme has an international orientation and focus. Besides the learning goals
   (1) “Knowledge and insight” (Our graduates are able to develop insights based on academic knowledge in a self-directed manner) and
   (2) “Academic Attitude” (Our graduates are able to demonstrate an academic attitude),
   the following two learning goals, which explicitly imply an international focus, apply explicitly to the programme:
   (3) “Global Citizenship” (Our graduates are able to actively engage in the global community in a globally responsible manner) and
   (4) “Interpersonal Competences” (Our graduates are able to demonstrate excellent interpersonal competences in an international professional setting).
   These four learning goals are characteristic for all SBE master’s programmes. They are translated into programme specific programme objectives, which are offered and measured in obligatory as well as elective courses of the programme.
   In line with the goals and content of the programme, all course material is based on international research and literature, which is in English.

2. The academic community is internationally oriented and the staff is international: Aligned with the learning goals and objectives an international classroom setting is a core element of the educational concept of the programme, where English is the common international language.

   In order to make the concept work optimally, an internationally divers student population as well as an internationally divers group of teachers/staff, which are able to communicate in a common language (English), is indispensable.

3. The labour market demand is internationally oriented (English speaking) alumni. The graduates of the programme are well prepared to work in and with internationally oriented companies, such as the “big 4” consultancy companies, multinationals, banks,
but also medium small enterprises, and national or international public institutions, in majority operating on international settings and in international markets.

4. The student intake and current population is internationally divers and English is the common language. On average (all programmes) Master’s programmes have an intake of 40% Dutch and 60% non-Dutch students.
Thus laid down by the SBE Board, after having obtained consent, where applicable, from the SBE Council of the School of Business and Economics, in Maastricht on April 2019.
