

## Admission requirements

On this page you will find important details of the application process (such as deadlines, admission requirements, required documents and application assessment) for the master's programme in Imaging Engineering for academic year 2024-2025.

For this master's programme, selection takes place on the basis of your quality and suitability. For this, your motivation, previous education and your (professional) experience are important.

## Important deadlines for study programme application

- *The master's programme in Imaging Engineering starts in September*
- *The deadlines below are applicable for applying for a start in September 2024*

When you want to apply or are applying for this study programme, it is important that you inform yourself of the deadlines that you need to meet. The important deadlines when applying for this study programme are provided in the table below.

**Note:** if you are viewing this webpage on your phone, we recommend that you use landscape mode.

## Start in September 2024, academic year 2023-2024

Date	What you need to know about this date
1 October 2023	Studielink is open for applications for the academic year 2024-2025 (start September 2024)
Up to and including 1 May 2024, 23:59 CET	Deadline for completing the entire application process for <b>non-EU/EEA</b> applicants ( <a href="#">these applicants require a visa or residence permit</a> ).
Up to and including 1 June 2024, 23:59 CET	Deadline for completing the entire application process for <b>EU/EEA</b> applicants

### Please note:

- Find out if you can apply for a **scholarship or financial aid**. Deadlines for scholarships are often earlier than the dates mentioned above.
- In Studielink you need to **choose** the starting moment. Please make sure to select **September 2024** in the pulldown-menu, so that you will apply for the start of the next academic year.

The information on this page is for students who would like to start in academic year 2024-2025. [Please click here to look into the admission requirements for academic year 2023-2024.](#)

## General requirements: previous education

The admission requirements for academic year 2024-2025 for the master's programme in Imaging Engineering depend on your previous education. Please check below which requirements apply to you.

## **Graduates from other relevant bachelor's programmes**

You qualify for admission if you have:

- a bachelor's degree in a relevant field composed of at least 180 ECTS (or equivalent). If you're unsure whether you have a bachelor's degree in a relevant field, please [contact our admissions office](#)
- at least 15 ECTS (or equivalent) in mathematics at bachelor's level

### **Relevant fields are:**

- Engineering (Industrial Engineering, Mechanical Engineering, Engineering Physics)
- Physics or Applied physics
- Chemistry
- Chemical Engineering
- Biomedical Engineering
- Advanced Technology
- Business Engineering
- Liberal Arts & Sciences/Technology and Liberal Arts & Sciences
- Biomedical Sciences or Molecular Life Sciences (chemistry emphasis)
- Regenerative medicine and technology
- Other bachelor's programmes in a related discipline

If you're unsure whether you have a bachelor's degree in a relevant field, please [contact our admissions office](#)

## **UM graduates applying for a continuing master's programme**

You qualify for admission if you have a bachelor's degree in Circular Engineering, Business Engineering, Biomedical Sciences or Maastricht Science Programme issued by Maastricht University

## **Graduates from equivalent Dutch HBO bachelor's programmes**

You qualify for admission, but you need additional approval from the Board of Admissions. At least 15 ECTS (or equivalent) in mathematics at bachelor's level is required

[Contact us](#)

## **Additional requirements**

## **Language requirements for English-language master's programmes**

As English is the language of instruction in this study programme, it is essential that your English language skills are good enough for you to undertake intensive and challenging academic courses that are taught and examined in English.

**Answer the questions below to find out if you meet the language requirements.**

Do you hold a bachelor's or master's degree in which English was the sole language of instruction?

YesNoUndo

## **Applicants who received their previous education in a non-EU/EEA country (handling fee)**

Applicants for this study programme who received their previous education in a non-EU/EEA country will have to pay a handling fee. [More information on this handling fee and how to arrange this payment can be found on the Handling fee page.](#)

## **Documents required for the application process**

During the application process for this study programme you will need to complete a number of tasks for which you will often have to upload documents. The list below gives you an insight into what documents you will (and might) need to prepare.

### **Required documents for all applicants to this study programme**

- **A recent passport picture\***  
[The passport picture must satisfy certain requirements.](#)
- **A copy of your valid passport or your EU/EEA identity card\***  
*Make a copy of the page with your personal details. Save this copy as 'passport copy' and not as 'passport picture'.*
- **A certified copy of your most recent grades transcript of your current bachelor's programme**
- **A certified copy of your diploma of your current bachelor's programme** if you have obtained it  
*If you have not graduated yet, you can upload your official grades transcript from your bachelor's programme.*
- **Your curriculum vitae**  
*List your education, relevant extracurricular activities and internship/professional experience.*
- **A motivation letter** (max. 500 words)
  - Provide good arguments about why you want to do this master's programme at Maastricht University and why you believe that you can successfully complete the programme
  - Your letter should answer the following questions:
    - Why did you choose Maastricht University?
    - Why do you want to study the master's in Imaging Engineering?
    - What makes you a suitable candidate for this programme?
    - How do your background/strengths/skills relate to the field of imaging engineering? To answer this, you can describe any previous experience you might have. For example, describe any courses you might have taken, participation in bachelor or extracurricular research or projects (if any), experience with English, experience or views on teamwork, etc. It all counts.

- What do you hope to learn/develop by studying Imaging Engineering at Maastricht University?

*\*As a UM student it is not necessary to upload these documents in the MyApplication portal. Unless your passport is not valid on 1 September 2024; in that case you do have to upload a copy of your passport.*

## **Documents that might be required depending on your (academic) background**

- Document(s) that demonstrate your proficiency in English (if applicable)  
*Answer the questions concerning language requirements under 'Language requirements for English-language master's programmes' on this webpage to find out if you need to provide additional documentation. The outcome of your answers will indicate which documents you can use to prove your proficiency.*
- A letter from your home university stating your **language of instruction was English** (if applicable)

## **How do we assess your application?**

When you want to apply or are applying for this study programme, it is useful to know how we assess your application.

For this master's programme, selection takes place.

The Board of Admissions will review and assess your application. You will be informed whether you are selected for an interview.

### **The admissions interview**

The interview is intended to find out whether there is a match between you and our master's programme. The interview is conducted in English by two members of the Board of Admissions and lasts approximately 30 minutes. The interview takes place via Zoom/Microsoft Teams.

### **Preparation**

Your application and motivation letter will be the starting point for the interview. You should also inform yourself well about the Imaging Engineering programme. Sources to do so are this website, our information package, or (if possible) an open day you have visited.

### **After the interview**

Within one week after the interview, the Board of Admissions will inform you whether you are offered a place in Imaging Engineering or not.

### **Finalisation of your application at Imaging Engineering**

After accepting our invitation to attend the Imaging Engineering master's programme and successfully completing the admissions process, you will receive an email informing you of the steps to take in order to finalise your enrolment at UM. Furthermore, you will receive a request to pay your tuition fee.

## **Scholarships**

At Maastricht University, scholarships are handled directly by the Scholarship office (not by the study programmes). For information about scholarships available and their deadlines, [please consult the scholarship website.](#)
