Programme content

The programme is composed of key courses taken from the SBE bachelor's courses. You will gain foundational knowledge in the field of study, train academic and research skills, and become familiar with Problem-Based Learning (PBL). Some of these courses are assessed by individual papers, others have a focus on group work.

Admission requirements

Do you qualify for admission based on your previous education?

All applicants, who have successfully completed a related bachelor's from an EU/EEA university of applied sciences, qualify for admission if they meet all other admission requirements.

Previous education is classified as either a related degree or an unrelated degree. A related degree is defined as one listed in the hyperlinks below, or - for university of applied sciences degrees from countries other than the Netherlands, Belgium, or Germany - an equivalent qualification to those listed. Any degree not included in these lists, or their equivalents is considered an unrelated degree.

Please find lists of related university of applied sciences programmes below:

- 🕒 [Related UoAS programmes in the Netherlands](#)
- 🕒 [Related UoAS programmes in Belgium](#)
- 🕒 [Related UoAS programmes in Germany](#)

All applicants who have successfully completed a related or unrelated bachelor's or master's degree at an EU/EEA or non-EU/EEA university or an unrelated EU/EEA university of applied sciences will be reviewed by the Board of Admissions.

Phase 1: Apply via Studielink

Let us know you want to apply for this study programme

Phase 1: Apply via Studielink

To start the application process for this pre-master's programme, you first need to apply via [Studielink](#). Studielink is the Dutch central organisation that keeps track of applications and enrolments at institutions of higher education in the Netherlands. In Studielink, you can apply by indicating which study programme at Maastricht University (UM) you would like to apply for, whether you'd like to start the programme in September or February, what previous education you followed, and you might need to provide a number of other details.

Studielink offers two methods of signing in: with or without using DigiD:

- ⦿ If you live in a Dutch municipality, you can only register using your DigiD. If you live in a Dutch municipality, but do not yet have a DigiD yet, you will need to request one ([Apply for a DigiD](#)).
- ⦿ If you do not (yet) live in the Netherlands, you can register by creating a Studielink account (without DigiD). As your personal details will not have been verified through DigiD, UM will check your personal details.

[Apply via Studielink](#) 

Please note:

- ⦿ You have to select your 'starting moment' in Studielink. Please make sure to select the right month and year in the dropdown-menu, so that you are applying for a start of the study programme in next academic year.
- ⦿ You will receive an email from UM within 24 hours of having applied in Studielink. This email contains your username/UM student number and a link to create your personal password. You can use these login details to access the MyApplication portal, the online environment in which the rest of your application process will take place. The portal will provide you with a clear overview of all the tasks you need to complete, such as uploading documents and paying your study fees.

Allow UM to assess if you meet the admission requirements

Phase 2: Admission

Allow UM to assess if you meet the admission requirements

Phase 2: Admission

MyApplication portal

To allow UM to assess whether you qualify for admission to the study programme of your choice, you need to complete a number of tasks in the MyApplication portal, the online environment in which the rest of your application process will take place. All the tasks you need to complete, such as uploading certain documents, will be presented here in a clear overview. You can log into the portal using your username/UM student number and the password you have created (your login name and an explanation on how to create your own password are provided in the email you received from us after your application in Studielink).

Make sure you fulfil the tasks indicated in the MyApplication portal on time. This means that you should upload documents as soon as you have finalised them and/or have them in your possession. The sooner you complete a task, the sooner we can give you feedback if you need to add or correct anything. Please pay attention to the deadlines indicated, as they can differ per study programme.

Once you have completed all of your admission tasks, your application dossier is ready to be presented to the Board of Admissions. Depending on your programme, this will be done immediately when it is complete (rolling basis), or after an indicated deadline.

Required documents

During the application process for this pre-master's programme, you will need to complete a number of tasks for which you will often have to upload documents in the 'MyApplication portal'.

Status updates about your application

From now on, you will receive important information and calls to action regarding your application in the message inbox in the MyApplication portal. We recommend that you regularly log in to the portal to make sure you stay updated. However, we will also notify you of important changes via the email address you provided to Studielink.

Arrange the practical matters required to start your studies at UM

Phase 3: Enrolment

Arrange the practical matters required to start your studies at UM

Phase 3: Enrolment

Once you have been offered a place in the pre-master's programme, you need to arrange your enrolment. The tasks you need to complete to be enrolled are listed in the MyApplication portal under 'Enrolment tasks'. You can find a brief overview below.

Pay your study fee

Every applicant will need to pay their study fee. More information on how to go about arranging your study fee payment is provided in the task description in the MyApplication portal.

Once you've received an invite to pay your study fee, it is important that you indicate how you wish to arrange your payment (in Studielink). Do so on time (in any case before the start of your studies). Please also make sure that you pay (the first instalment of) your study fee in a timely manner. Otherwise, you won't be able to start your studies.

Allow UM to verify your diploma

Dutch diplomas

Did you acquire the diploma on the basis of which you have been offered a place in your study programme in the Netherlands? Then DUO will pass on their verification of your diploma to UM. No further action on your part is required.

Non-Dutch diplomas

Did you acquire the diploma on the basis of which you have been offered a place in your study programme outside of the Netherlands? Then you will need to send a [certified copy of that diploma](#).

Have you completed your previous education outside of the Netherlands and will you not receive your diploma before the start of your study programme? Then you can send a [certified graduation statement](#).

More information on the requirements for a certified copy of a diploma and for a certified graduation statement, as well as the address these documents should be posted to, is provided in the task description in the MyApplication portal.

Make sure all application and enrolment tasks are fulfilled

UM can only enrol you if you have completed all the tasks in the MyApplication portal. Please make sure this is the case, so that your application and enrolment can be completed and you'll be ready to start preparing for your studies as soon as possible.

Confirmation of Enrolment

When you have been enrolled for your study programme at UM, you will receive confirmation of this from UM (in the message inbox in the MyApplication portal) and from Studielink (by email).

UM email account

Before you start your studies, you will receive the login details for your UM email account. Your UM email address will be used for all correspondence about your introduction programme and the start of your studies. Your private email address will only be used to inform you about the application and enrolment process.

How do we assess your application?

When you want to apply or are applying to this study programme, it is useful to know how we assess your application. You can find more information about this below.

1. Board of Admission evaluates application

The Board of Admission evaluates the quality of your application by looking at your grades, motivation, relevant work experience, international experience and extra-curricular activities, and GMAT or GRE score (if applicable). Additionally, the Board of Admissions assesses if your previous education is a related or unrelated degree as explained under the [admission requirements](#). Finally, the Board of Admissions assesses if your deficiencies can be eliminated in the SBE pre-master you applied to. Based on this information, the Board of Admission will decide whether you can be admitted to the programme or not.

2. Rolling basis evaluations: decision within 2-4 weeks after completion

Assessment happens on a rolling basis. This means that, once you submit a complete file with all the minimum required scores, it will be presented to the Board of Admission. We will not wait until the deadline before we present your file to the Board. You will receive a decision within 2-4 weeks after completion of your file.

Visa/residence permit for study

Are you a non-EU/EEA national requiring a visa/residence permit for study? Click here for more information

Please note that Maastricht University can **only** formally apply for your [visa/residence permit](#) if you have met all admission and enrolment requirements.

This means you have to have completed all admission and enrolment tasks in the MyApplication portal (except the 'visa/residence permit'-task and the 'send certified copy of diploma'-task) before we can send your application to the IND (Dutch Immigration and Naturalization Service).

We have to send the application to the IND before 1 July if you are starting your studies in September. Please note: a few pre-master and master programmes offer a start in February. If your study programme offers a start in February and you want to start your studies in February, we have to send the application to the IND before 1 December. You can find out if your study programme offers a start in February on the admission requirements web page of that programme ([pre-master's](#), [master's](#)).

Therefore, we **strongly recommend** that you reconsider applying for this study programme if you are not sure that you will meet the following requirements before 1 July/1 December (if applicable in your situation):

- ⦿ Having remedied all subject and/or language deficiencies (if applicable)
 - ⦿ Having qualified for admission to your study programme, including being selected ([if applicable to your study programme](#)) AND
 - ⦿ Having paid the tuition fee for your study programme
