- 🕒 [Additional info](#)

Important deadlines for application

The bachelor's programme in Economics and Business Economics starts in September. The deadlines below are applicable for applicants who want to start their studies in September 2025.

Note: If you are viewing this webpage on your phone, we recommend that you use landscape mode.

Date	What you need to know about this date
1 October 2024	Studielink is open for applications for the academic year 2025-2026
15 January 2025, 23:59 CET	Early application deadline for EU/EEA-students and non-EU/EEA-applicants
1 April 2025, 23:59 CET	Ultimate deadline for completing the entire application process for non-EU/EEA applicants (these applicants require a visa or residence permit)
15 April 2025	Outcome International Classroom Essay if applied before 15 January
1 May 2025, 23:59 CET	Ultimate deadline for completing the entire application process for applicants from the EU/EEA or Switzerland

Are you a non-EU citizen requiring a visa/residence permit for study?

Please note that Maastricht University can **only** formally apply for your visa/residence permit if you have met all admission and enrolment requirements.

This means you have to have completed all admission and enrolment tasks in the MyApplication portal (except the tasks 'Arrange visa / legal residence' and 'Send certified copy of diploma') before we can send your application to the IND (Dutch Immigration and Naturalisation Service).

We have to send the application to the IND **before 1 July if you are starting your studies in September**. Please note: A few pre-master's and master's programmes offer a start in February. If you are applying to start your studies in February, we have to send the application to the IND before 1 December. You can find out if your study programme offers a start in February on the admission requirements web page of that programme ([pre-master's](#), [master's](#)).

Therefore, we **strongly recommend** that you reconsider applying for this study programme if you are not sure that you will meet the following requirements before 1 July/1 December (if applicable in your situation):

- ⦿ Having remedied all subject and/or language deficiencies (if applicable)
- ⦿ Having qualified for admission to your study programme, including being selected ([if applicable to your study programme](#)) AND
- ⦿ Having paid the tuition fee for your study programme

Previous education

Applicants with a Dutch diploma

—

If you have one of the diplomas stated below then, in principle, you qualify for admission:

- ⦿ VWO diploma 'Natuur en Techniek'

- ⦿ VWO diploma 'Natuur en Gezondheid'
 - ⦿ VWO diploma 'Economie en Maatschappij'
 - ⦿ VWO diploma 'Cultuur en Maatschappij' + wisA or wisB
 - ⦿ HBO propedeuse + mathematics level VWO wisA or wisB
 - ⦿ OU propedeuse + mathematics level VWO wisA or wisB
-

Applicants with a non-Dutch diploma —

If you have a non-Dutch diploma that is equivalent to the Dutch VWO diploma you, in principle, qualify for admission to this programme. Check if this applies to your diploma.

 [List of diplomas equivalent to the Dutch VWO diploma 2025-2026](#)

Mathematics requirement

For this bachelor's programme, certain Dutch mathematics courses or a foreign equivalent are compulsory. The required mathematics courses are:

- ⦿ **Dutch diplomas:** vwo mathematics level wiskunde A or wiskunde B
- ⦿ **German diplomas:** "Zeugnis der allgemeinen Hochschulreife": Grundkurs Mathematics up to and including the final year
- ⦿ **Belgian diplomas:** "Diploma van Secundair Onderwijs": Mathematics at least 3 hours per week in the last 2 years.
- ⦿ **International Baccalaureate from Geneva:**
 - Mathematics Analysis and Approaches HL or SL
 - Mathematics Applications and Interpretations HL or SL
- ⦿ **European Baccalaureate:** Mathematics at least 3 hours per week in the final 2 years
- ⦿ **British A/AS-levels, (I)GCE's and/or AICE:** Mathematics GCE A- or AS level

If your diploma is not included in this list, it must be evaluated first. UM will assess whether you can demonstrate sufficient knowledge in Mathematics on individual basis.

Questions?

If you have questions about the mathematics requirement, please check the [FAQ](#) or contact us at study@maastrichtuniversity.nl

Clear your mathematics deficiency or refresh your mathematics skills

Students who do not meet the required mathematics level, have a so-called **mathematics deficiency**. The mathematics deficiency has to be cleared before the start of the bachelor's first year. To help you meet the mathematic requirement, we offer an **online preparatory math course** and an **online exam**.

Do you meet the mathematics requirement, but still want to improve your mathematics skills? You can follow the **online preparatory math course** without having to take the exam. Mathematics and statistics are essential in this programme. Our experience learns that quite a lot of students are not sufficiently prepared for the introductory courses that start right away in September. To avoid problems during those first months, we designed this online preparatory math course.

Required documents for the application procedure

During the application process for this study programme you will need to complete a number of tasks for which you will often have to upload documents. The list below gives you an insight into what documents you will (and might) need to prepare.

Questions

If you have questions regarding the International Classroom requirement, please contact:

SBE Admissions Office

✉ ebadmissions-sbe@maastrichtuniversity.nl

Required documents for all applicants to this study programme

⦿ A recent passport picture

This picture must satisfy certain requirements. You can find these requirements in the task description 'Upload portrait photo' in the MyApplication portal.

⦿ A copy of your valid passport or your EU/EEA identity card

Scan the personal details' page(s). Save this copy as 'passport copy' (and not as 'passport picture').

⦿ A copy of your diploma (if already obtained)

⦿ A copy of your grades transcripts of the last two years of secondary school

⦿ International Classroom Essay

The International Classroom Essay is an admission requirement to see whether you have an internationally orientated profile. Your motivation, plans for the future and way of looking at the world around you are also important in the assessment.

This International Classroom Essay is a webform which will be made available in the MyApplication portal after you have met the admission requirements. There are five questions you need to answer. The suggested answer length per question is 200 words, with a maximum of 250 words per essay question.

Documents that might be required depending _ on your (academic) background

⦿ Proof of mathematics proficiency

If you do not meet the [required mathematics level](#), you have to clear your mathematics deficiency by taking part in the [online preparatory math course and passing the online exam](#).

⦿ Document(s) that demonstrate your proficiency in English

Answer the questions concerning language requirements under '[Language requirements for English-language programmes](#)' on this webpage to find out if you need to provide additional documentation. The outcome of your answers will indicate which documents you can use to prove your proficiency.

Language requirements for English-language programmes

As English is the language of instruction in this study programme, it is essential that your English language skills are good enough for you to undertake intensive and challenging academic courses that are taught and examined in English.

Answer the questions below to find out if you meet the language requirements.

Do you hold a Dutch pre-university education (VWO) diploma?

Yes

No

How do we assess your application?

When you want to apply or are applying to this study programme, it is useful to know how we assess your application. You can find more information about this here.

If you submit the International Classroom essay and if you meet the other admission criteria (diploma requirement and mathematics requirement), your application will be assessed by the International Classroom committee. If the outcome of your essay is sufficient, you will be admitted to the programme. If the outcome of your essay is not sufficient to meet the International Classroom-criteria, we will reject your application. This means that you will not be able to start the bachelor's programme in Economics and Business Economics. This decision will also be valid for the bachelor's programme in International Business, since the International Classroom-requirement is the same for both programmes.

🕒 For more information please see the [Bachelor Education and Examination Regulations \(EER\) 2024-2025](#)

Additional info

Possibility of enrolment in the second year and exemptions for the entire first year

If you have successfully completed courses equivalent to the first year of a School of Business and Economics (SBE) bachelor's study programme (at the same university level), you may qualify for exemptions. Students who transfer from another university to SBE (not between SBE bachelor's programmes at UM), cannot be exempted from parts of the first-year programme (i.e. cannot be exempted from separate, individual courses of the first-year of the bachelor's programme concerned), but only from the entire first year of the bachelor's study programme. To apply for an exemption, you have to submit a request to the Board of Examiners. If your request has been approved, you can enrol in the second year.

Please note that the exemptions deadline is **1 July 2025**: if we have not received correct and completely filled out forms before this date, your request will not be taken into account.

 More information regarding [exemptions and how to apply for them](#).

Applicants who received their previous education in a non-EU/EEA country (handling fee)

Applicants for this study programme who received their previous education in a non-EU/EEA country will have to pay a handling fee. More information on this handling fee and how to arrange this payment can be found on the [handling fee page](#).
