Check below for additional requirements

* English is the language of instruction of the master's programme in Psychology. When you apply with a pre-master's degree in Psychology, you must also submit proof of English language proficiency.

Please note: The Board of Admissions cannot give any advice about your admission chances on the basis of email information. If you want to know if you qualify for admission, you must apply in Studielink/MyApplication portal.

Equivalent bachelor's degree

In order to determine if a bachelor's degree is equivalent to a Dutch university bachelor's degree, the Board of Admissions makes use of NUFFIC diploma recognition. NUFFIC issues recommendations on the value of higher or secondary education diplomas obtained outside the Netherlands. Where possible, the foreign diploma is compared to a Dutch diploma. As well as evaluating the diploma, NUFFIC is also able to determine whether a study programme or an educational institution is officially recognised. Bachelor's degrees that NUFFIC judges as non-equivalent to a Dutch university bachelor's degree will not be admitted.

If you are uncertain whether your bachelor's degree is equivalent to a Dutch university bachelor's degree you are strongly advised to submit a request via the [NUFFIC website](#) to have this checked prior to submitting your application.

The same holds for the combination of a bachelor's degree in Psychology from a university of applied sciences (HBO) and a pre-master's in Psychology. The bachelor's degree must be equivalent to a Dutch university of applied sciences (HBO) bachelor's degree according to NUFFIC.
