- Mind that courses may have pre-requisites, e.g. the course Comparative Legal History of the Limbourgish Territories (MET3006) requires advanced (passive) knowledge of French and/or German and/or Dutch. You can find prerequisites in the course description on the website.
- See also the information for incoming exchange students about the pre-requisites of courses in the bachelor European Law School.
- We advise students to choose two courses of 6 credits each or one course of 11 credits per period, with the exception of the third period where it's possible to choose just one course. Mind, if you take an extra course, you will have to deal with a study load that is above average!
- Bachelor's students can only take courses from the Bachelor's programme.
