

Central Meeting Rooms FHML

Within FHML, several central meeting rooms have been created to meet the need for suitable meeting spaces for general use. These rooms are available to staff members and can be easily reserved. They provide a professional environment for meetings, discussions, and other gatherings.

Booking a central meeting room

Meeting rooms can be booked directly via the Outlook calendar. Users can check availability through the calendar and add the desired room to their meeting request for reservation. A uniform room naming convention in Outlook has been implemented.

Example:

- meet-uns40-6538-18p@maastrichtuniversity.nl

The final approval of reservation requests and related checks are handled by the designated secretariat (see Appendix 1). In case of double bookings or inefficient use of space in terms of capacity and number of participants, the FHML Faculty Office Secretariat may contact users and assign another central meeting room. Users can also contact the FHML Faculty Office Secretariat for more information about the central meeting rooms: secr-facburfhml@maastrichtuniversity.nl

The person who submits the reservation request is also responsible for compliance with the house rules during use.

Key collection for central meeting rooms

Keys for the central meeting rooms within FHML can be collected at the reception desk of the respective building. The reception also serves as the contact point for reporting malfunctions or defects. The receptionist will forward these reports to the FHML Faculty Office Secretariat.

AV equipment – furniture

Instructions for the available AV equipment can be found in the meeting rooms.

In case of technical issues with audiovisual equipment in the central meeting rooms, the FHML Faculty Office Secretariat can be contacted. The secretariat will check whether an alternative room is available. FHML ICT Support will also be informed to resolve the issue as quickly as possible.

The nature of the malfunction, as well as staff availability, may affect the time required to fix the issue.

Malfunctions or support requests can be reported to the reception of the respective building or to the FHML Faculty Office Secretariat.

The AV equipment in UNS60 M5.01 is currently managed by LO-EDUC.

Defects and/or questions regarding the furniture can also be reported to the FHML Faculty Office Secretariat:

- E: secr-facbur-fhml@maastrichtuniversity.nl
- T: 31 (0)43-3885556
