*Publication date 04/03/2024*

We make a distinction between public and private funding. Public funding involves sponsorship from:

- Ministries (other than direct funding from the Ministry of Education, Culture and Science), provinces and municipalities);
- Administrative organisations (such as UWV, Belastingdienst, Dienst domeinen, Dienst justitiële inrichtingen, IND, onderwijsinspectie, Rijkswaterstaat, Rijksdienst voor ondernemend Nederland, Nederlandse Voedsel en Waren Autoriteit, uitvoeringsinstituut werknemersverzekeringen);
- NWO, STW, ZonMW, KNAW and accompanying institutions (funding other than competitively acquired grants and research projects)
