

Providing information new vector

In order to be able to add a new vector to a notification/permit, information about this vector must be available. The form below indicates which information must be submitted. Vector maps and any literature must be submitted separately. Relevant documents in the literature must be highlighted; if reference is made to other documents, these must also be included. Send the completed form, together with any attachments, to the BSO (v.vanleeuwen@maastrichtuniversity.nl and n.kisters@maastrichtuniversity.nl).

| INFORMATION GMO NOTIFICATION/PERMIT | |
|---|--|
| IG number to which vector must be added | |
| Number(s) of the section(s) to which vector should be added | |
| SPECIFICATIONS VECTOR | |
| Name vector | |
| Addgene number | |
| Backbone vector | |
| Viral elements located on the vector | |
| Antibiotic resistance(s) | |
