

Providing information new cell line

In order to be able to add a new cell line to a notification/permit, information about this cell line must be available. The form below indicates which information must be submitted, any literature must be submitted separately. Relevant documents in the literature must be highlighted; if reference is made to other documents, these must also be included. Send the completed form, together with any attachments, to the BSO (v.vanleeuwen@maastrichtuniversity.nl and n.kisters@maastrichtuniversity.nl).
