

# FPN Introduction Days 2023

Dear student,

Summer is in full swing, and we hope you are making plans for a fun break before starting your new FPN programme. In this email, we want to look at some things to dive into before starting your studies, and some communities outside of the Faculty of Psychology and Neuroscience.

## Before your studies begin

UM can only enrol you if you have completed all your application and enrolment tasks. Please make sure this is the case, so that you'll be ready to start preparing for your studies as soon as possible. If any of your documents are still missing, you will receive a message about this from the Student Services Centre (SSC). The documents concerned will be listed in the message. Upload the requested documents as quickly as possible in the MyUM Portal or send these by post to the SSC if that is requested.

Requirements may include:

- Diploma verification by UM
- Indication of how you wish to arrange your tuition fee payment (in Studielink)
- Payment of (the first instalment of) your tuition fees in a timely manner

Did you register for the bachelor Psychology at our faculty, but have you changed your mind or already enrolled at a different university or programme? Please then withdraw your application as soon as possible. That way your place will free up for someone else!

## Mymaastricht.nl

[Mymaastricht.nl](https://www.mymaastricht.nl) is the one-stop information platform to help international students find their way in the city. Mymaastricht.nl reaches out to you via their website, blog, and social media, as well as workshops during the University open days. The content is available in English and covers Health, Transport, Housing and Finances as well as Sports, Media, and Community in Maastricht. They work together with Maastricht University and the Municipality of Maastricht to help give you the best start to your life in our beautiful city.
