

## International schools

Knowledge Centre for International Staff

The United World College (UWC) branch located in Maastricht hosts a preschool, primary school, and secondary school. Below you can read general information on and contact details for these.

### **Preschool**

The UWC preschool caters for toddlers aged 2–4. Though teachers speak English with the children, it is not necessary for your child to speak English to attend the school. Children may attend 2, 3, 4 or 5 days a week, depending on availability.

### **Primary school**

UWC primary school caters for children between the ages of 4 and 12. This English-speaking school offers Dutch lessons as part of its curriculum.

### **Secondary/high school**

The Maastricht International School offers an international curriculum to students aged 11–18/19. The language of instruction is English. Dutch lessons at beginner, intermediate or first language level are mandatory for students aged 11–16, with the aim of encouraging integration into the local community.

The school's facilities include modern classrooms, science labs, fully equipped music and art rooms, a computer lab, an IT study centre, 2 gyms (one with a climbing wall), and a canteen.

For more information, visit the [UWC website](#).
