Mind that courses may have prerequisites, e.g. the course Comparative Legal History of the Euregion requires advanced (passive) knowledge of French and/or German and/or Dutch. You can find prerequisites in the course description on the website.

Students are to choose two courses of 6 credits each or one course of 12 credits per period, with the exception of the third period when just one course can be taken. For extra courses, permission needs to be asked before the registration deadline. Permission will only be granted if very special reasons apply. Mind, if you take an extra course, you will have to deal with a studyload that is above average!

Bachelor's students take courses from the bachelor's programme.

Master's students can choose freely from bachelor's courses; if they want to participate in master's courses proof of English language proficiency is required.
