

Welcome to School of Business and Economics

MSc Fiscal Economics (Partly Dutch)
Taxation with a strong economics foundation

Prof. Dr. Hans van Mierlo

Why should you choose Fiscal Economics?

- Multidisciplinary approach:
 - Economics and law
 - Business and economics
- Taxation in an international business context
- In close cooperation with the Faculty of Law
- Close links to practice
- Growing demand for fiscal economists who can interact on a senior level with accountants, tax lawyers and management

What will you learn? (1)

Economic analysis of taxation and its effects on the decisions made by consumers, companies and institutions

- Manage tax risks
- Support the operating business with tax issues
- Optimise and maintain tax structures
- Manage tax compliance
- Support with post-acquisition and integration projects
- Team up with other departments (e.g. Finance)
