

MINISYMPOSIUM

Diagnosis, treatment, and epidemiology of Alzheimer's disease

On the occasion of the Inaugural lecture of Pieter Jelle Visser as professor of molecular epidemiology of Alzheimer's disease

Date: Friday 22 September 2023
Location: Bonnefantenmuseum
Avenue Céramique 250, 6221 KX Maastricht
Time: 13.00 – 15.30

Entry is free, please register via this [link](#).

13.00 – 13.30 Reception with coffee and vlaai
13.30 – 13.35 Welcome by Frans Verhey, Chair

Alzheimer biomarkers

13.35 – 13.55 Imaging biomarkers: from hippocampus to TDP-43 PET
Philip Scheltens, AmsterdamUMC

13.55 – 14.15 Biofluid markers: from CSF to plasma
Charlotte Teunissen, AmsterdamUMC

Alzheimer treatment

14.15 – 14.35 Alzheimer Trials: from 1990 to 2023
Bengt Winblad, Karolinska Institute, Stockholm Sweden

Molecular epidemiology

14.35 – 14.50 The Amyloid Biomarker Study: a global data sharing initiative
Willemijn Jansen, Maastricht University

14.50 – 15.05 European platform for neurodegenerative disorders: first results
Stephanie Vos, Maastricht University

15.05 – 15.20 Association of vascular riskfactors and lifestyle factors with amyloid biomarkers
Veerle van Gils and Julie Oomens, Maastricht University

15.20 – 15.30 Closure
