If you come by bike, you can park it in the bike racks near the entrance to the **EDLAB** building.

If you come by car, you can park next to the **EDLAB** building, as marked on the map.

Upon entering the Tapijnkazerne terrain, you will see an automatic barrier. Press the button to open the barrier (see the square on the map below). Then follow the arrow to the EDLAB building as shown on the map. You are welcome to validate your parking ticket at the **EDLAB** secretariat to get free parking. **You will find the secretariat on your left after entering.** You will need the validated ticket to open the barrier when you leave. If you have problems opening the barrier, contact the reception desk by pressing the button at the barrier and report that you were attending an EDLAB activity.
