

Do you want to join a new SHE-SIG?

Are you interested in Faculty Development and teacher education? We aim to start a new SIG to take a somewhat more 'meta level' approach to faculty development. So this SIG will not be all about the newest FD working format, but we will brainstorm about how to evaluate FD impact, research, policies and larger blueprints. We could also submit abstracts for conferences together, discuss articles, provide feedback and do peer coaching.

Will you join us?

Felicitas Biber, Herma Roebertsen, Boukje Compen, Lianne Loosveld

First online meeting: 5 MARCH 2024

Time: 14.00-15.00 AMS

Future timing may vary, depending who's attending

Contact person: Lianne Loosveld
