How do we assess your application?

When you want to apply or are applying for this study programme, it is useful to know how we assess your application. You can find more information about this in this section.

The Board of Admissions (BoA) checks whether your educational background fits with the requirements for the master's programme you applied for. The BoA only assesses complete applications received within the deadline. After receiving your application (and handling fee, if applicable), we will apply the following checks:

- ⦿ Is the previous education relevant for the master's programme? In case of doubt about the relevance of your previous education, your application will be discussed with the coordinator of the master's programme.
- ⦿ If applicable, are the academic requirements fulfilled (e.g. sufficient academic skills, GRE required)? If the GRE requirement applies to you, a sufficient GRE score report needs to be uploaded before the application deadline as well.
- ⦿ Is there proof of sufficient command of English? If an English language test is required, a sufficient score report needs to be uploaded before the enrolment deadline (31 August).

If the BoA needs additional information to properly assess your application, we will ask you to upload additional documents.

The assessment by the BoA results in either the decision that you qualify for admission to the master's, or in a rejection. You will be informed about this within six weeks.

Please note: if you apply for a UM scholarship as well, your application has to be complete at the time of the scholarship deadline. Check the [scholarship website](#) for exact deadlines and the scholarship application procedure.
